Undertake that I am aware of the meaning of 'Ragging' as defined by supreme Court, that "Ragging is any disorderly conduct, whether by words spoken or written, or by an act which has the effect of teasing, treating or handling a fresher or a junior with rudeness any student, indulging in rowdy or indiscipline activities which cause or are likely to cause annoyance, hardship or psychological harm or to raise fear or apprehension thereof in a fresher or a junior student and which has the effect of causing or generating a sense of shame or embarrassment so as to adversely affect the psyche of a fresher or a junior student".
