**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

**NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.**

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

The Internet of Things (IoT) describes the network of physical objects—"things"—that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet.

Over the past few years, IoT has become one of the most important technologies of the 21st century. Now that we can connect everyday objects—kitchen appliances, cars, thermostats, baby monitors—to the internet via embedded devices, seamless communication is possible between people, processes, and things.

Date: 20.02.2021

## PROGRAM REPORT

**Name of the Event:** A Two Week Add-On Program –“Hands on training on IOT”

**Date:** 04.02.2021 to 17.02.2021

**Resource Person:** Dr.B.Jagadeesh

Professor ECE, Godavari institute of engineering and technology

**Email.id:** [bjagadeesh2020@gmail.com](mailto:bjagadeesh2020@gmail.com)

**Contact number:** 8985305020

**Name of the Coordinator:** Mr.M.Kaivalya

**Number of students attended:** 102

**Venue:** Computer lab, CV Raman block, GIET Engineering college

### **Objectives of the Program:**

- To Explore the Knowledge to the students IoT on programming.
- To provide a working knowledge with Embedded C and Raspberry pi.
- To Implement the Real time applications using IoT

**Topics to be covered:**

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

- Introduction to internet of things, Architecture and design
- Concepts of Arduino, Raspberry pi, Embedded C
- To implement Real time applications

**Outcomes of the Program:**

- At the end of this course, the student will be able to
1. Learn the internet of things and its applications
  2. Setup IOT connectivity using programming language
  3. Understand architecture and programming

A Two Week Add on Program on  
“.NET Framework Programming”  
05.02.2021 to 18.02.2021

Organized  
by  
DEPARTMENT OF  
COMPUTER SCIENCE AND ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

The Microsoft-created .NET Framework is a software development framework that offers a runtime environment, a collection of libraries, and a range of tools for creating and running applications on Windows-based operating systems. The framework supports a range of application types, including desktop, web, mobile, and a number of programming languages, including C#, F#, and Visual Basic.

The Common Language Runtime (CLR) and the .NET Framework Class Library are the two primary parts of the .NET Framework. While the class library offers a substantial collection of pre-built functions and classes that may be used to develop a wide range of applications

## PROGRAM REPORT

- Name of the Program : "Add-on Certificate Program On .Net Framework Programming".
- Date/Duration : 05.02.2021 to 18.02.2021 (Two Week).
- Resource Perso : Mr. Y. Durga Prasad  
Assistant Professor, CSE.  
Phone: 9745326713  
Mail: [dprasadcse@giet.ac.in](mailto:dprasadcse@giet.ac.in)
- Name of the Coordinator : Mrs.Archana, Assistant Professor, CSE.
- No of the Participants : 58
- Program Objective :
- Develop console and Windows applications.
  - Learn about data access mechanisms provided by ADO.NET.
  - Create and consume .dll libraries.
  - Create a web application using .NET.
  - Use ASP.NET and IIS for making user views and applications more secure.
  - Develop WebService and Consume WebService.
- Program Outcome :
- Following are the Program Outcomes:
  - Understand the Microsoft .NET Framework and ASP.NET page structure
  - Design web application with variety of controls
  - Use Microsoft ADO.NET to access data in web Application
  - Configure and deploy Web Application
  - Develop secured web application

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by NICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

Antennas are considered to be the fundamental part of a wireless communication system. An Antenna is a device that changes the RF signal into an equivalent electromagnetic wave. So that it can be transmitted into free space. As we know that antennas are required at the time of both transmission and reception. Thus radio wave communication needs transmitting as well as receiving antennas.

These are used in radio and television signal transmission along with GPS and navigation system. Antennas are used in satellite communication, remote sensing, and biomedical applications as well.

## PROGRAM REPORT

**Name of the Event: A Two Week Certificate Program on Antenna Concepts and its Applications**

**Date: 09.02.2022 to 22.02.2021**

**Resource Person: Mrs. G.Srujana**

AssistantProfessor ECE, GIET Engineering college

Email.id: [suji434@gmail.com](mailto:suji434@gmail.com)

Contact number: 9440784132

**Name of the Coordinator:Mrs.V.Lavanya**

**Number of students attended:90**

**Venue:Seminar Hall, C V Raman Block, GIET Engineering college**

### **Objectives of the Program:**

- Student will learn fundamental antenna parameters
- To Learn the concepts of UHF and VHF antennas
- To introduce antenna filters and phased array effects

Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

**Topics to be covered:**

- How antenna works
- Test basic antennas
- How to use computer simulation to analyse various types of antennas
- Mathematical and physical principles of antenna courses
- Environmental impacts on antenna performance
- Choosing antennas for specific applications

**Outcomes of the Program:**

- At the end of this course, the student will be able to
1. Understand the Concepts of Antenna and its Applications
  2. Measure the parameters of antenna
  3. Analyse and identify different types antennas.

## A Two Week Add on Program on "REVIT"

09.02.2021 to 22.02.2021

Organized  
by

DEPARTMENT OF  
MECHANICAL ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

Revit is a commercial building information modeling (BIM) software by the company Autodesk. It's generally used by architects, structural engineers, mechanical, electrical, and plumbing (MEP) engineers, designers, and contractors. Autodesk Revit allows users to create, edit, and review 3D models in exceptional detail

Date: 04-06-2021

### PROGRAM REPORT

Name of the Program : "A Two-Week Certificate Program on REVIT"

Date/Duration : 09.02.2021 to 22.02.2021 (Two Week).

Resource Person : Mr.K.V.G.PRAVEEN  
Assistant Professor,  
MECH, GIET ENGINEERING COLLEGE,  
Rajahmundry, A.P

Phone:8499063164

Mail:kvgpraveen107@gmail.com

Name of the Coordinator : Mr.P.Vipin Raj, Assistant Professor, MECH.

No of the Participants : 58

Program Objective :

- Parametric modelling
- Automation
- Collaboration
- Coordination
- Energy Analysis

Topics Covered

:The following topics are covered

- Storing data in the REVIT model
- Transactions
- Events
- External events
- Commands

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development , etc. that assures their placement in renowned multinational companies.

### About the Program

Revit is a commercial building information modeling (BIM) software by the company Autodesk. It's generally used by architects, structural engineers, mechanical, electrical, and plumbing (MEP) engineers, designers, and contractors. Autodesk Revit allows users to create, edit, and review 3D models in exceptional detail

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on REVIT Software"  
**Date/Duration** : 09.02.2021 to 22.02.2021 (Two Week).  
**Resource Person** : Mr. E T Chakarpani,  
Head of the Department,  
CE, GIET ENGINEERING COLLEGE,  
Rajahmundry, A.P.

Phone: 9866878484

Mail: [civil.gec@giet.ac.in](mailto:civil.gec@giet.ac.in)

**Name of the Coordinator** : Ms. G P Swathi, Assistant Professor, CE.

**No of the Participants** : 29

**Program Objective** :

- Learn basic to advanced REVIT
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

: The following topics are covered

- Introduction to REVIT
- Introduction to 3D and 3D solids

**A Two Week Add on Program on  
"Advanced Python Programming"  
11.02.2021 to 24.02.2021**

**Organized  
by  
DEPARTMENT OF  
COMPUTER SCIENCE AND ENGINEERING  
GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by MAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

## About the Program

Advance Python Applications like Download Manager using advance concepts to make you a professional programmer able to get good jobs in this field. Python course is for those who have learnt some Basics Python and want to deepen the knowledge of Python. You will never be able to succeed in Programming Field until you learnt

Advance concepts so that is why i have made this course to make you guys capable to design your own Applications and be a successful Programmer. Just by sticking on the Basics concept will not do the job. You have to learn advance concepts to be a Professional so and become a Pro Programmer...

Date: 27.02.2021

### PROGRAM REPORT

Name of the Program : "A Two-Week Certificate Program on  
Advanced Python Programming".

Date/Duration : 11.02.2021 to 24.02.2021 (Two Week).

Resource Person : Ms B. Sai Deepthi  
Assistant Professor, CSE.  
Phone: 9866440402  
Mail: [saideepthibcse@giet.ac.in](mailto:saideepthibcse@giet.ac.in)

Name of the Coordinator : Mrs. Meenakshi,  
Assistant Professor, CSE.

No of the Participants : 68

Program Objective :

- Programming tools: Microsoft VC, Git, Jupiter notebooks, pydoc
- Programming techniques: logging, testing, debugging profiling, packaging
- New techniques introduced after Python 3.8
- Details of decorators, lambdas, and comprehensions
- Why and how to use iterators and generators
- Details of advanced data structures: collections, arrays, queues, sets, dictionaries
- Network client-server: JSON, RPC, REST, and FTP
- Advanced introduction to concurrent programming: signals and timers, subprocesses, multiprocessing, threads, and concurrent futures.

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

Program Outcome : Following are the Program Outcomes:

- Apply the basics of programming in the Python language.
- Solve coding tasks related conditional execution, loops
- Solve coding tasks related to the fundamental notions and techniques used in object-oriented programming.
- Develop essential programming skills in Computer programming concepts.

## A Two Week Certification course on "MATLAB"

10.02.2021 to 24.02.2021

Organized  
by

DEPARTMENT OF  
ELECTRICAL AND ELECTRONICS ENGINEERING  
**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

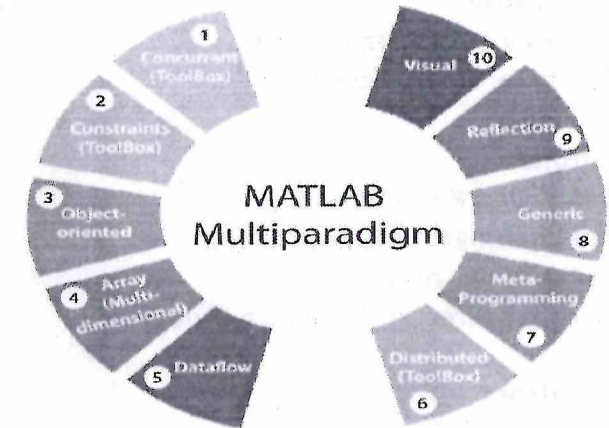

## About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering ,Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

This program is designed to provide you with a comprehensive understanding of MATLAB, a high-level programming language and interactive environment for numerical computation, visualization, and programming. The program will be delivered over a period of two weeks and will cover a range of topics related to MATLAB.

### Objectives of the Program:

- To Impart the Knowledge to the students w MATLAB software
- To provide a working introduction to the M technical computing environment
- To introduce students the use of a high-level programming language, Matlab

### **PROGRAM REPORT**

**Name of the Event: A Two Week Certificate Program on MATLAB**

**Date: 10.02.2021 to 24.02.2021**

**Resource Person: Mr. B. Vamsi Krishna**

Asst. Professor, EEE Dept. GIET Engineering college

Email.id: barnikanivamsikrishna@gmail.com

Contact number: 9849939383

**Name of the Coordinator: Mr. G. Venkateswara Rao**

**Number of students attended: 27**

**Venue: Online lab, Sir Arthur Cotton Block, GIET Engineering college**

**Objectives of the Program:**

- To Impart the Knowledge to the students with MATLAB software
- To provide a working introduction to the MATLAB technical computing environment
- To introduce students the use of a high-level programming language, Matlab

**Topics to be covered:**

- Basics of Matlab and MATLAB Compiler
- Programming with simple examples
- Discussion of Toolboxes with Applications
- Simulink and Hardware Interfacing

  
Principal  
GIET ENGINEERING COLLEGE  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

**Outcomes of the Program:**

At the end of this course, the student will be able to

1. Understand the basics of Matlab
2. Break a complex task up into smaller, simpler tasks
3. Case Study (Any two Modules)
4. Tabulate results and Analyse

It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

### About the Program

Ansys, Inc. is an American multinational company with headquarters based in Canonsburg, Pennsylvania. It develops and markets CAE / multiphysics engineering simulation software for product design, testing and verification and offers its products and services to customers worldwide.

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on ANSYS SOFTWARE"

**Date/Duration** : 15.02.2021 to 28.02.2021 (Two Week).

**Resource Person** : CHANDRIKA KOLLURI,  
Assistant Professor,  
CE, GIET ENGINEERING COLLEGE,  
Rajahmundry, A.P

Phone: 9866878484

Mail: [civil.gec@giet.ac.in](mailto:civil.gec@giet.ac.in)

**Name of the Coordinator** : Mr. G Anjaneyulu, Assistant Professor, CE.

**No of the Participants** : 36

**Program Objective** :

- Learn basic to advanced ANSYS
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

: The following topics are covered

- Introduction to ANSYS
- Introduction to 3D and 3D solids
- Extrude, loft, press

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH - 16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

- Dynamic UCS, selection plane

### Program Outcome :

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

## A Certificate Program on

## "Strategic Leadership"

15-02-2021 to 28-02-2021

Organized  
by

DEPARTMENT OF  
MANAGEMENT STUDIES

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

## About the Program

Strategic leadership is a practice in which executives, using different styles of management, develop a vision for their organization that enable sit to adapt to or remain competitive in a changing economic and technological climate

The main objective of the program is to Recognize themselves as leaders and Understand the practices of empowering leaders Strategic Leadership through five myths of leadership and styles of communication and barriers of effective communication. At the end of the programme the student can understand How to apply the 4 Dimensions of Leadership Development.

## PROGRAM REPORT

**Name of the Program** : "A Certificate Program on Strategic Leadership"  
**Date/Duration** : 15-02-2021 to 28-02-2021 (Two Week).  
**Resource Person** : Dr.P.Subba Rao,  
Head of the Department of MBA  
GIET Engineering college,  
Phone:9502952929  
Mail:mba.gec@giet.ac.in  
**Name of the Coordinator:** Mr. R.Sai Pandu, Assistant Professor, MBA  
**No of the Participants** 14

### Program Objectives

- Recognize themselves as leaders
- Understand the practices of empowering leaders Strategic Leadership training course
- Understand the fundamentals of teams and team leadership
- Establish clear performance expectations
- Improve personal productivity and self-leadership
- Solve complex problems, lead organizational change and engage with stakeholders at all levels
- Learn how to assess your current level of performance to reveal game-changing dimensions that can create significant competitive advantage
- Provide a new set of developmental tools to prepare you for leadership in a volatile, uncertain, complex and ambiguous (VUCA) business environment
- Setting up the Coachee and Coach for Success Every Time

### Topics Covered

- The five myths of leadership
- styles of communication and barriers of effective communication
- Fundamentals of effective teams vs traditional work groups
- Team decision-making and problem-solving
- The Emotional Intelligence and leadership connection
- How to apply the 4 Dimensions of Leadership Development
- Understand what makes your boss tick (and what ticks them off) to get their buy-in
- How to use available resources more effectively to achieve desired results
- How to mobilize colleagues, clients and suppliers etc.

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

Nondestructive testing (NDT) blends quality assurance and materials science into a profession devoted to inspecting, testing, and evaluating materials, components, or assemblies. Using a set of test methods, technicians identify cracks, voids, inclusions, and weld discontinuities, as well as identify misassembled subcomponents, without destroying the serviceability of the part or system.

NDT is used to ensure product integrity and reliability, control manufacturing processes, lower production costs, and maintain a uniform quality level.

**No of the Participants** : 10

**Program Objective** :

- NDT is testing and analysis technique used by industry
- NDT is to inspect a component in a safe
- NDT is to inspect a component in a reliable

**Topics Covered** :The following topics are covered

- Visual testing
- Ultra sonic testing
- Radiography testing
- Eddy current testing
- Leak testing

It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

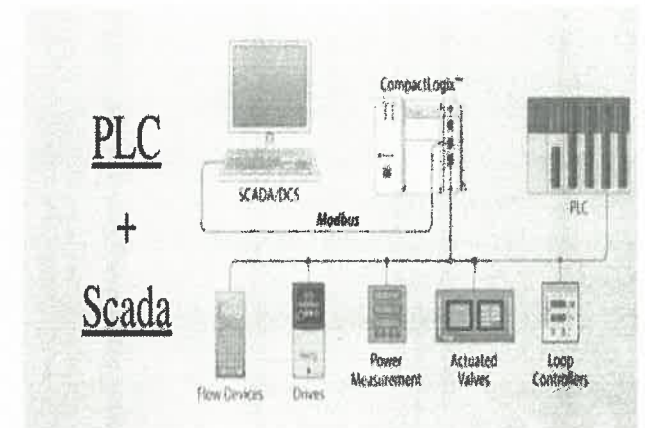

## About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering ,Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

### Objectives of the Program:

- To understand the generic architecture and constituent components of a Programmable Logic Controller.
- To develop a software program using modern engineering tools and technique for PLC and SCADA.
- To apply knowledge gained about PLCs and SCADA systems to real-life industrial applications.

---

Date: 02.03.2021

### **PROGRAM REPORT**

**Name of the Event: A Two Week Certificate Program on PLC-SCADA**

**Date: 15.02.2021 to 28.02.2021**

**Resource Person:**

Professor , GIET Engineering college

Email.id: @giet.ac.in

Contact number:

**Name of the Coordinator: Mrs.S.V.Sailaja**

**Number of students attended: 21**

**Venue: APSSDC lab,CV RAMAN Block, GIET Engineering college**

**Objectives of the Program:**

- To understand the generic architecture and constituent components of a Programmable Logic Controller.
- To develop a software program using modern engineering tools and technique for PLC and SCADA.
- To apply knowledge gained about PLCs and SCADA systems to real-life industrial applications.

**Topics to be covered:**

- Introduction To Automation
- Why We Need Automation

Principal  
GIET ENGINEERING COLLEGE  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

- Where Automation?
- Evolution In Industrial Automation (A Brief History)
- Different Type Of Industrial Control Mechanisms)
- Introduction To PLCs
- PLC Advantages Over Microcontrollers
- Area Of Applications
- DATA Flow During Automation
- Motor Drives Introduction & Their Need
- Sensors Introduction & Their Need
- HMI Introduction & Its Need
- SCADA Introduction& Its Need

#### **Detail study of PLC & SCADA**

- PLC
- SCADA
- Allen Bradley & Rockwell Automation's Details
- Brief Description To Input/ Output Pins Of Micrologix-1000
- Ladder Diagram Basics
- Introduction To RSLogix
- Downloading A Ladder Program In PLC Using RSLinx.
- How To Take Input From Panel
- How To Give Output To Panel
- Running First PLC Application.
- Participants will perform hands on PLC training Kit.
- Programming by using Allen Bradley PLC & MicroLogix, RS Logix software.
- Troubleshooting & fault diagnostics of PLC.
- SCADA wonder ware InTouch, creating new SCADA applications, creating database of tags, creating & editing graphic display with automation.
- Connectivity with the PLC, connectivity between software and excel, troubleshooting & applications, Practical as on existing available in college.

#### **Outcomes of the Program:**

At the end of this course, the student will be able to

- Classify input and output interfacing devices with PLC.
- Execute, debug and test the programs developed for digital and analog operations.
- Determine I/O requirement of application, develop program and interface system with PLC

DEPARTMENT OF  
COMPUTER SCIENCE AND ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Hakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

## About the Program

Blockchain technology is a decentralized, distributed ledger that stores the record of ownership of digital assets. Any data stored on blockchain is unable to be modified, making the technology a legitimate disruptor for industries like payments, cybersecurity and healthcare.

A blockchain database stores data in blocks that are linked together in a chain. The data is chronologically consistent because you cannot delete or modify the chain without consensus from the network.

Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

Date: 09.03.2021

### PROGRAM REPORT

Name of the Program	:	A Certificate Program on Block chain Technology and its Applications”.
Date/Duration	:	22.02.2021 to 7.03.2021 (Two Week).
Resource Person	:	Dr. S. K. Meera Sharif, Head of the Department, CSE, GIET ENGINEERING COLLEGE. Rajahmundry, A.P Phone: 9490790137 Mail: <a href="mailto:sharif@giet.ac.in">sharif@giet.ac.in</a>
Name of the Coordinator	:	Ms. B. Sai Deepthi, Assistant Professor, CSE.
No of the Participants	:	38
Program Objective	:	<ul style="list-style-type: none"><li>• To provide conceptual understanding of the function of Block chain as a method of securing distributed ledgers, how consensus on their contents is achieved, and the new applications that they enable</li><li>• To cover the technological underpinnings of block chain operations as distributed data structures and decision-making systems, their functionality and different architecture types</li><li>• To provide a critical evaluation of existing “smart contract” capabilities and platforms, and examine their future directions, opportunities, risks and challenges.</li></ul>

RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

Program Outcome :

- The students would understand the structure of a block chain and why/when it is better than a simple distributed database
- Analyze the incentive structure in a blockchain based system and critically assess its functions, benefits and vulnerabilities
- Evaluate the setting where a block chain based structure may be applied, its potential and its limitations and understand what constitutes a “smart” contract, what are its legal implications and what it can and cannot do, now and in the near future

## A Two Week Certificate Program on "HOMEWIRING"

22.02.2021 to 07.03.2021

Organized  
by

DEPARTMENT OF  
ELECTRICAL AND ELECTRONICS ENGINEERING  
**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

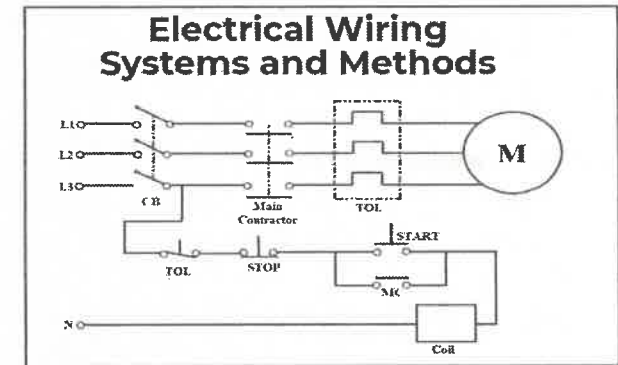

### About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

**Objectives of the Program:** Describe the basics of operating and setting up electrical wiring systems. Identify types and ratings of electrical wiring system. Understand the importance of fulfilling the requirements for safe use of electrical equipment and systems. Study electrical system testing procedures. Conduct spot checks and verification measures that need to be carried out in an electrical installation as required for compliance purposes Draw up simple operational policies for safety guidelines. Develop realistic maintenance strategies for electrical wiring system

Date: 12.02.2021

### **PROGRAM REPORT**

**Name of the Event: A Two Week Certificate Program on HOMEWIRING**

**Date: 22.02.2021 to 07.03.2021**

**Resource Person: Mr. G. Venkateswara Rao**

Assitant Professor , GIET Engineering college

Email.id: venky@giet.ac.in

Contact number: 8520098626

**Name of the Coordinator: Mr.M.N.Saidulla**

**Number of students attended: 13**

**Venue: ELECTRICAL MACHINES Lab, GIET Engineering college**

**Objectives of the Program:**

- Describe the basics of operating and setting up electrical wiring systems
- Select suitable types and ratings of electrical wiring systems
- Understand the importance of fulfilling the requirements for safe use of electrical equipment and systems
- Comprehend various earthing mechanisms and its importance in safety
- Perform simple methods of calculating to check the suitability of conductors and protective earthing elements to guarantee safe operation

**Topics to be covered:**

- Earthing and its importance in safety
- Variety and installation of wiring systems
- Range and installation of electrical equipment and safety concerns
- Testing and verification
- Liquid and solid and dielectrics
- Insulation class and temperature evaluations

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

- Computing the demand of electrical systems for suitable conductor sizing
- Methods adopted for system earthing
- The need for earthing of electrical systems
- At the load (protective earthing)
- Protective conductor
- At the source (system earthing)
- Equipotential bonding
- Earth fault loop impedance
- Computation of earth fault current
- Earth fault sensing techniques
- Limits of LV feeder lengths for appropriate earth fault recognition
- Fault protection against overcurrent
- Arrangement of electrical installation
- Switchboards
- Added protection by fusing current devices
- Safety against Undervoltage
- Safety against overvoltage
- Shield against fire threats due to arcing faults
- Control of electrical installation
- Sizing of conductors
- Installation
- Baths, showers, fixed containers
- Pools and tubs
- Case studies
- Sites containing baths, showers or other damp situations
- Visual inspection
- Testing

### Outcomes of the Program:

- At the end of this course, the student will be able to
1. Use appropriate electrician tools, wires, protective devices and wiring accessories.
  2. Rig up wiring diagrams using conduit system of wiring.
  3. Apply IS standards for electrical wiring.
  4. Prepare different types of wiring joints.

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

### About the Program

CAD or computer-aided design and drafting (CADD), is technology for design and technical documentation, which replaces manual drafting with an automated process. If you are a designer, drafter, architect or engineer, you have probably used 2D or 3D CAD programs such as AutoCAD or AutoCAD LT software. These widely used software programs can help you draft construction documentation, explore design ideas, visualise concepts through photorealistic renderings and simulate how a design performs in the real world...

## PROGRAM REPORT

**Name of the Program** : “A Two-Week Certificate Program on BUILDING DRAFTING USING AUTO CAD”

**Date/Duration** : 22.02.2021 to 06.03.2021 (Two Week).

**Resource Person** : Mr.AMN Kashyap,  
Assistant professor,  
CE, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:9491728149

Mail:kashyap@giet.ac.in

**Name of the Coordinator** : Ms.Y Siri Chowdary, Assistant Professor, CE.

**No of the Participants** : 06

**Program Objective** :

- Learn basic to advanced AUTOCAD
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

- :The following topics are covered
- Introduction to AUTOCAD
  - Introduction to 3D and 3D solids
  - Extrude, loft, press

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,

Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

- Dynamic UCS, selection plane

### Program Outcome :

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

Python is a dynamic, interpreted (bytecode-compiled) language. There are no type declarations of variables, parameters, functions, or methods in source code. This makes the code short and flexible, and you lose the compile-time type checking of the source code. Python tracks the types of all values at runtime and flags code that does not make sense as it runs. Python is a very popular general-purpose interpreted, interactive, object-oriented, and high-level programming language. Python is dynamically-typed and garbage-collected programming language. It was created by Guido van Rossum during 1985- 1990.

Date: 12.03.2021

## **PROGRAM REPORT**

**Name of the Event: A Two week Certificate Program on Python programming**

**Date: 24.02.2021 to 09.03.2021**

**Resource Person: Mr.K.Naga Raju**

Assistant Professor CSE GIET Engineering college

Email.id: [nagaraju@giet.ac.in](mailto:nagaraju@giet.ac.in)

Contact number: 7989648121

**Name of the Coordinator: Mr.K.V.Ramana**

**Number of students attended: 65**

**Venue: Computer lab, Sir Arthur cotton block, GIET Engineering college**

### **Objectives of the Program:**

- Master the fundamentals of writing python scripts.
- Show how Python can be used to solve data science and machine learning problems from an industrial perspective.
- All the basic features of Python and will gradually move towards more advanced parts of Python programming.

Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

### Topics to be covered:

- Introduction & Basics of Python, Basic data types String
- Decision and control statements, loops
- Functions and recursion, List, Tuples
- Dictionaries, Sets, Exception and File Handling
- Modules, Packages, Object Oriented Programming
- Machine learning with Python
- Industry Perspective of Python & Applications

### Outcomes of the Program:

- At the end of this course, the student will be able to
1. Explain the basic principles of Python Programming language
  2. Implement object oriented concepts
  3. Implement data base and applications

**Organized  
by  
DEPARTMENT OF  
MECHANICAL ENGINEERING  
GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of are laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

In rapid change with technology a huge development of robots is competing equally with humans. The technology development has brought many changes in the field of manufacturing and research. Initially, the robots were used by humans to make their work easier, but today the robots are developed to replicate humans and substitute the labor in the fields where even human presence is difficult. The development doesn't only take place in the manufacturing of robots but simultaneously it focuses on control and optimization of the tasks that are done by the robots. The aspects of robots are unlimited in the field of medical, defense, education. The type of application defines the robots construction and the requirement of systems.

### PROGRAM REPORT

**Name of the Program** : "Design and controlling of Humanoid Robots"

**Date/Duration** : 24.02.2021 to 09.03.2021 (Two Week).

**Resource Person** : Mr.K.V.G PRAVEEN,  
Assistant professor  
MECH, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:8499063164

Mail:kvgpraveen107@gmail.com

**Name of the Coordinator** : Mr.V.AVINASH, Assistant Professor, MECH.

**No of the Participants** : 50

**Program Objective** :

- .To pursue understanding of the fundamentals of industrial robotics
- To understand the components of industrial robotics
- To grasp the various end effectors,efforts,sensors and actuators

**Topics Covered** :The following topics are covered

- Design and development of Robotics
- Sensing and Perception
- Robot decision making

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

**Program Outcome :**

- Describe how sensors, microcontrollers and servo motor function implemented
- Select industrial robots, sensors and actuators based on application specification
- Determine the key parameters for designing and gripper

## A Certificate Program on "Results-Based Management"

**01-03-2021 to 13-03-2021**

Organized  
by

DEPARTMENT OF  
MANAGEMENT STUDIES

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Catania Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students; can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

### About the Program

Results-based management is a tool for monitoring and managing the implementation of strategy. It in many respects is similar to the logical framework approach, a strategy implementation tool used extensively by Non-governmental organizations.

The main objective of the program is to increase transparency and accountability, allowing interventions to complement each other and avoid overlap and waste. At the end of the programme the student can understand need for RBM and Identifying customer perspectives, Internal perspectives and learning and innovation perspectives, Build risky information into RBM.

## PROGRAM REPORT

**Name of the Program** : "A Certificate Program on Results-Based Management"

**Date/Duration** : 01-03-2021 to 13-03-2021 (Two Week).

**Resource Person** : Mr.E.T. Chakrapani, Assistant Professor,  
Department of Civil Engineering,  
GIET Engineering College  
Phone:9866878484  
Mail:civil.gec@giet.ac.in

**Name of the Coordinator** : Mr,R.Sai Pandu, Assistant Professor, Dept. of MBA

**No of the Participants** : 25

### Program Objectives

- Understand what RBM is and is not
- Use RBM principles and processes
- Theory of change and strategic results framework
- To know the Risk registers
- To flow Integrated monitoring and evaluation
- To use of evidence from monitoring and evaluation in decision-making
- To prepare Meaningful reporting to key stakeholders.
- Put RBM into practice
- To Design, implement and monitor the RBM framework
- Master the principles and practices of risk management when applied to RBM

### Topics Covered

- Definitions and core concepts of RBM
- RBM Performance measures – leading and lagging
- Information systems/technology as support tools for RBM
- Quantifying the organization via RBM
- Recognizing that RBM is a communications system for organizational change
- Mutual critique of RBM KPIs developed
- Situational and Stakeholder analysis
- RBM skills and tools necessary for effective and efficient management
- Set targets for each indicator used to judge performance
