ACTION TAKEN REPORT

Academic Year :2017-2018

Name of the Stakeholder: Employer

The feedback is collected and analysed at college academic meetings in the institution. Employer Feedback above 85% is considered as a positive feedback and below that as a average feedback and we are working for the improvement.

S.no	Question	Feedback /Concern	Percentage Consensus	Action to be taken
1	Rate the technical knowledge and skills of the students	Excellent	97.58	we will continue the same rigor to maintain the same output
2	Rate the relevance of the curriculum for employability	Excellent	90.30	we are providing additional add-on courses and CRT classes for eligible students to increase employability skills
3	Rate the students managerial and leadership qualities	Excellent	89.70	To include soft skills and leadership programs.
4	Rate the student's ability to work in teams	Excellent	90.91	To conduct more team building activities and enable students become good team players
5	Rate the communication skills of the students	Excellent	93.33	Provide CRT classes to eligible students
6	Rate the students' ability to learn and mould themselves in the industrial practices	Excellent	89.70	Industry institute partnership facilities students to learn and mould themselves in the industrial practices

Name of the Stakeholder: Teacher

The feedback is collected and analysed at college academic meetings in the institution. Teacher Feedback above 85% is considered as a positive feedback and below that as a average feedback and we are working for the improvement.

S.no	Question	Feedback /Concern	Percentage Consensus	Action to be taken
1	Rate the course content present in syllabus	Excellent	94.67	Curriculum aligns with engineering trends to equip students with job-ready skills.
2	Rate the relevance of text book and reference book	Excellent	90.00	Textbooks are vital for reviewing and reinforcing course material retention.
3	Rate the updated concepts in the curriculum	Excellent	88.67	We empower teachers to introduce innovative concepts for continuous learning and growth..
4	Rate the relevance of practical content to theory	Good	82.67	Field trips are rigorous for a balanced theory-practice approach.
5	The course outcomes are well defined and clear?	Excellent	85.33	Curriculum design suggestions are collective, not individual, for desired outcomes.
6	Rate the effectiveness of the curriculum to face competitive exams	Excellent	86.67	Regular placement classes prepare students for competitive exams and job placements..
7	Rate the relevance of the industry needs	Excellent	87.33	Regular industry interaction secures advanced technology internships for students.
