## Certificate /Add on Programs(with 30 or more contact hours)offered during2017-18

S.NO	Certificate/Add on Programmes offered during 2017-18	START DATE	END DATE
1	A Certificate Program on Advance applications in AUTOCAD	10-Jul-17	22-Jul-17
2	A Two Week Certificate Program on Introducton to Robotics and artificial Inteligence	10-Jul-17	22-Jul-17
3	A Two Week Certificate Program on SOFTSKILLS AND PERSONALITY DEVELOPMENT	12-Jul-17	25-Jul-17
4	A Two Week Certificate Program on AUTOCAD	12-Jul-17	25-Jul-17
5	A Two Week Certificate Program on PCB Design and Fabrication	17-Jul-17	29-Jul-17
6	A Certificate Program on Effective Warehouse and Stores Management	17-Jul-17	29-Jul-17
7	Add on Certificate Programme on Introduction to Android Programming	04-Sep-17	16-Sep-17
8	A Two Week Certificate Program on SOLAR PHOTOVOLTAIC SYSTEMS	06-Sep-17	18-Sep-17
9	A Two Week Certificate Program on E TABS software	07-Sep-17	20-Sep-17
10	A Two Week Certificate Program on COMPUTER HARDWARE AND NETWORKING	11-Sep-17	23-Sep-17
<del>11</del>	A Certificate Program on Product Design and drafting by CATIA V5 programming	11-Sep-17	23-Sep-17
12	A Certificate Program on Emergency Response and Incident Investigation for Supervisors and Managers	13-Nov-17	25-Nov-17
13	A Two Week Certificate Program on Python Programming	04-Dec-17	16-Dec-17
<del>14</del>	A Certificate Program on HYPERMESH SOFTWARE	07-Dec-17	20-Dec-17
15	A Two Week Certificate Program on MICROWVE AND TRANSMISSION LINES	07-Dec-17	20-Dec-17
16	A Two Week Certificate Program on Land surveying using total station	11-Dec-17	23-Dec-17
17	A Two Week Certificate Program on JAVA PROGRAMMING	14-Dec-17	28-Dec-17

HOD

**A Two Week Add on Program on  
"Advance Applications in AUTOCAD"  
10.07.2017 to 22.07.2017**

Organized  
by  
DEPARTMENT OF  
MECHANICAL ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of are laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

CAD or computer-aided design and drafting (CADD), is technology for design and technical documentation, which replaces manual drafting with an automated process. If you are a designer, drafter, architect or engineer, you have probably used 2D or 3D CAD programs such as AutoCAD or AutoCAD LT software. These widely used software programs can help you draft construction documentation, explore design ideas, visualise concepts through photorealistic renderings and simulate how a design performs in the real world..

Date:25.07.2017

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on Advance applications in AUTOCAD"

**Date/Duration** : 1.07.2017 to 22.07.2017 (Two Week).

**Resource Person** : Mr.K.L.N.Murthy,  
Head of the Department,  
MECH, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:9441564113

Mail:klnmurthy@gmail.com

**Name of the Coordinator** : Ms.P.Rajitha, Assistant Professor, MECH.

**No of the Participants** : 69

**Program Objective** :

- Learn basic to advanced AUTOCAD
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

- :The following topics are covered
- Introduction to AUTOCAD
  - Introduction to 3D and 3D solids
  - Extrude,loft,press
  - Dynamic UCS,selection plane

  
**Principal**  
GIET ENGINEERING COLLEGE.  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## Program Outcome

:

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

Robotics is a branch of AI, which is composed of Electrical Engineering, Mechanical Engineering, and Computer Science for designing, construction, and application of robots. Robotics is a separate entity in Artificial Intelligence that helps study the creation of intelligent robots or machines.

Robots are the artificial agents acting in real world environment. Robots are aimed at manipulating the objects by perceiving, picking, moving, modifying the physical properties of object. Robot machines look very similar to humans, and also, they can perform like humans, if enabled with AI.

## PROGRAM REPORT

Name of Program : "A Two-Week Certificate Program On Introduction to Robotics and Artificial Intelligence"  
Date/Duration : 10.07.2017 to 22.07.2017 (Two Week).  
Resource Person : Mr. Y. Durga Prasad  
Assistant Professor, CSE.  
Phone: 8522910914  
Mail: ydpgiet@gmail.com  
Name of the Coordinator : Mr. P.Sasi Kumar,  
Assistant Professor, CSE.  
No of the Participants : 59  
Program Objective :

- This course will enable you to learn about the history, the present, and the future of Robotics
- It will also take you through the robotic applications and its industrial usage.
- The second module will help you understand the significance of Artificial Intelligence in present era.

Program Outcome : Following are the Program Outcomes:

- What is Robotics
- How is Robotics used in various Industries.
- What are the different kinds of Robots.
- What is Artificial Intelligence.
- How Robotics is clubbed with Artificial Intelligence.

## Week/Day-wise Schedule

Name of the Program: "A Certificate Program On SOFTSKILLS & PERSONALITY DEVELOPMENT"

S.No	Day	Date	Duration	Topics to be covered
1.	WEDNESDAY	12.07.2017	4 HOURS	What is Personality? Complete introduction to personality.
2.	THURSDAY	13.07.2017	4 HOURS	How to develop an "ideal Personality"?
3.	FRIDAY	14.07.2017	4 HOURS	Definiton of Hard Skills, Soft Skills and it's breif description.
4.	SATURDAY	15.07.2017	4 HOURS	Some Key Soft Skills at Workplaces.
5.	MONDAY	17.07.2017	4 HOURS	Basic Etiquette/ Manners with examples.
6.	TUESDAY	18.07.2017	4 HOURS	Telephonic Conversation with examples.
7.	WEDNESDAY	19.07.2017	4 HOURS	CV/Resume Writing with examples.
8.	THURSDAY	20.07.2017	4 HOURS	How to Deliver Impromptu Speech.
9.	FRIDAY	21.07.2017	4 HOURS	Technical Presentation owith examples.
10.	SATURDAY	22.07.2017	4 HOURS	Use of Proxemics/Kinesics.
11.	MONDAY	24.07.2017	4 HOURS	Complete overview of Softskilss and Personalit development.
12.	TUESDAY	25.07.2017	4 HOURS	Practically perfomed the leraned skills.

Approved by HICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

A program on soft skills and personality development is designed to help individuals improve their interpersonal skills and develop a well-rounded personality. Soft skills are personal attributes that enable people to interact effectively and harmoniously with others, and they are essential in both personal and professional settings.

#### Objectives of the Program:

- To learn about what is Personality
- To know about hard skills and soft skills
- To learn Key Soft Skills at Workplaces
- To learn the basic Etiquettes
- To learn CV/Resume Writing
- To know the Use of Phonemics /Kinesics

GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY - 533 296.

**Topics to be covered:**

1. What is Personality?
2. How to develop an “ideal Personality”?
3. How do we define Hard Skills, Soft Skills? And examples.
4. Some Key Soft Skills at Workplaces with example.
5. Basic Etiquette/ Manners with example.
6. Telephonic Conversation with example.
7. CV/Resume Writing with examples.
8. How to Deliver Impromptu Speech.
9. Technical Presentation with example.
10. Use of Proxemics/Kinesics.

**Outcomes of the Program:**

At the end of this course, the student will be able to

1. Understand about personality and how to develop it.
2. Identify the key skills required for job.
3. Apply the skills learned in personal and professional life.

## A Two Week Certificate Program on "AUTOCAD" 12.07.2017 to 25.07.2017

Organized  
by

DEPARTMENT OF  
CIVIL ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

### About the Program

CAD or computer-aided design and drafting (CADD), is technology for design and technical documentation, which replaces manual drafting with an automated process. If you are a designer, drafter, architect or engineer, you have probably used 2D or 3D CAD programs such as AutoCAD or AutoCAD LT software. These widely used software programs can help you draft construction documentation, explore design ideas, visualise concepts through photorealistic renderings and simulate how a design performs in the real world...

## PROGRAM REPORT

**Name of the Program** : “A Two-Week Certificate Program on AUTOCAD”

**Date/Duration** : 12.07.2017 to 25.07.2017 (Two Week).

**Resource Person** : Mr.S Siva Sekhar,  
Assistant Professor,  
CE, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:9866878484

Mail:civil.gec@giet.ac.in

**Name of the Coordinator** : Ms.G Sreeja, Assistant Professor, CE.

**No of the Participants** : 41

**Program Objective** :

- Learn basic to advanced AUTOCAD
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

:The following topics are covered

- Introduction to AUTOCAD
- Introduction to 3D and 3D solids
- Extrude, loft, press
- Dynamic UCS,selection plane

---

## Program Outcome :

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

PCB development can be defined as the process of taking a circuit board design from the design to the production. This typically includes three stages: design, manufacturing and testing. And for all but the simplest designs, this process is iterative with the objective of arriving at the highest quality design within the development time allotted. PCB manufacturing is the construction of your board design. This is a two-step process that begins with board fabrication and ends with printed circuit board assembly (PCBA).

## PROGRAM REPORT

**Name of the Event: "A Two Week Certificate Program on PCB Design and Fabrication "**

**Date: 17.07.2017 to 29.07.2017**

**Resource Person: Mrs. Ch.Janaki Devi**

Assistant Professor ECE, GIET College of Engineering

Email.id: janakikusu@gmail.com

Contact number: 8008122280

**Name of the Coordinator: Mr. P. Nageswara Rao**

**Number of students attended: 54**

**Venue: Room no: 301 & EDC Lab, Sir Arthur Cotton Block, GIET Engineering college**

### **Objectives of the Program:**

The main objective of the PCB Design and Fabrication is

- PCB Design Software Installation Express PCB/Tina/Eagle.
- Introduction to PCB Design
- Understanding Board Layouts & Tools
- Schematic Editor Basics Schematic Capture PCB
- Compiling/Building the Project
- Project: Multi Level Water Tank Full Alert / Clap Controlled ON & OFF Circuit
- PCB Design Printing

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

**Topics to be covered:**

- Circuit design using software tools
- PCB fabrication as per design input
- Testing PCB after loading components

**Outcomes of the Program:**

At the end of this course, the student will be able to

1. PCB Design
2. Understand Board Layouts & Tools
3. Schematic Editor Basics Schematic Capture PCB
4. Compiling/Building the Project
5. Design Circuit on PCB

**Sub: A Two-Week Certificate Program on Effective Warehouse and Stores Management” – Reg.**

All the II Year Students of MBA are here by informed that "A Certificate Program on Effective Warehouse and Stores Management" is going to be conducted from 17-07-2017 to 29-07-2017. The Resource person is Mrs. R.Sita Kumari, Assistant Professor, and GIET College of Engineering and will be inaugurated at 09.00AM on 17-07-2017. So, all the interested students are requested to register their names with Mr. K.Satyanarayana, MBA Dept. on or before 14-07-2017. The details of the program will be available in the brochure.

Timings: 09:00AM to 1:00PM

Venue: Room No: CV Raman Block, T04 (III floor)

## A Two-Week Certificate Program on "Effective Warehouse and Stores Management" 17-07-2017 to 29-07-2017

Organized  
by  
DEPARTMENT OF  
MANAGEMENT STUDIES  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC  
NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students; can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

### About the Program

Effective warehouse management can be summed up in three words – Control, Coordinate, and Communicate. Today's warehouse environment is more than a stock-holding location. Warehouses are multi-site, possibly multinational, centres which form an integral part of the overall supply chain logistics.

The main objective of the program is Learn the important decisions regarding the location, size, and layout of a warehouse. At the end of the program students are Familiar with Principles of forecasting and its methods and understand the importance of Performance Management.

## PROGRAM REPORT

Name of the Program : "A Certificate Program on Effective Warehouse and Stores Management"

Date/Duration : 17-07-2017 to 29-07-2017 (Two Week).

Resource Person : Mrs. R.Sita Kumari,  
Assistant Professor,  
GIET College of Engineering,  
Phone: 9490887562,  
Mail: [sitakumariramadugula@gmail.com](mailto:sitakumariramadugula@gmail.com)

Name of the Coordinator: Mr. K.Satyanarayana, Associate Professor, MBA Dept.

No of the Participants : 55

### Program Objectives

By attending this Effective Warehouse & Stores Management training course, delegates will be able to:

- Immediately implement a wide variety of time-tested techniques in Warehousing
- Understand the role and importance of a warehouse in the supply chain
- Make important decisions regarding the location, size, and layout of a warehouse
- Decide on the type of storage and material handling equipment to be used
- Apply time-phased ordering system, ensuring low investment and high customer service
- Manage the day-to-day operations of a warehouse
- The emphasis of the seminar is on practical, real-world implementation of modern warehouse management methods.

### Topics Covered

- The role of Warehousing and Distribution in the Supply Chain
- Lead-time considerations
- Guidelines in design of a materials handling system
- Reverse logistics
- Transport Management
- Always Better Control Analysis (ABC)
- Inventory Recording
- Principles of forecasting and its Methods
- Performance measurement of W & D operations

## Program Outcomes

At the end of the day students able to

- Understand Functions of Warehousing and Warehousing Distribution System
- Able to prepare Different Material Ordering Levels
- Understand Resource based and Customer based location systems
- Familiar with Classification of materials handling systems
- Understand about Transport Management
- Understand the Significance vs. insignificance of part numbers
- Familiar with Principles of forecasting and its methods
- Understand the Importance of Performance Management

DEPARTMENT OF  
COMPUTER SCIENCE AND ENGINEERING  
GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Nakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

Android is an open source and Linux-based **Operating System** for mobile devices such as smartphones and tablet computers. Android was developed by the *Open Handset Alliance*, led by Google, and other companies.

Android offers a unified approach to application development for mobile devices which means developers need only develop for Android, and their applications should be able to run on different devices powered by Android.

## PROGRAM REPORT

Name of Program : "Add on Certificate Program On  
Introduction to Android Programming".

Date/Duration : 04.09.2017 to 16.09.2017 (Two Week).

Resource Person : Dr.R. Lakshmi Kumar,  
Assistant Professor, CSE.  
Phone: 9608711624  
Mail: [laxmikumar1@giet.ac.in](mailto:laxmikumar1@giet.ac.in)

Name of the Coordinator : Mr.D. Phani Kumar,  
Assistant Professor, CSE.

No of the Participants : 28

Program Objective :

- Creating robust mobile applications and learn how to integrate them with other services
- Creating intuitive, reliable mobile apps using the android services and components
- Create a seamless user interface that works with different mobile screens

Program Outcome : Following are the Program Outcomes:

- Build enterprise level mobile applications with Kotlin on Android
- Understand both the basic and advanced concepts of Kotlin
- Understand why use Kotlin over Java
- Install and configure Android Studio
- Explain and use key Android programming concepts
- Deploy the application on Google Play
- Become a certified Android developer

S.No	Day	Date	Duration	Topics to be covered
1.	WEDNESDAY	06.09.2017	4 HOURS	Intoduction Renewable Energy Sources.
2.	THURSDAY	07.09.2017	4 HOURS	Complete description of Solar energy System.
3.	FRIDAY	08.09.2017	4 HOURS	Fundamental concept of Solar PV generation and its modelling.
4.	SATURDAY	09.09.2017	4 HOURS	Components used in Solar PV system.
5.	MONDAY	11.09.2017	4 HOURS	Construction of Solar PV system.
6.	TUESDAY	12.09.2017	4 HOURS	Working of Solar PV system.
7.	WEDNESDAY	13.09.2017	4 HOURS	Maximum Power Point tracking Techniques.
8.	THURSDAY	14.09.2017	4 HOURS	Grid integration of Solar PV system.
9.	FRIDAY	15.09.2017	4 HOURS	Power quality and reactive power control of Solar PV system.
10.	SATURDAY	16.09.2017	4 HOURS	Grid Synchronisation techniques.
11.	MONDAY	18.09.2017	4 HOURS	Mitigation of power quality Problems.
12.	TUESDAY	19.09.2017	4 HOURS	Demonstration of Solar PV simulator and its design.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

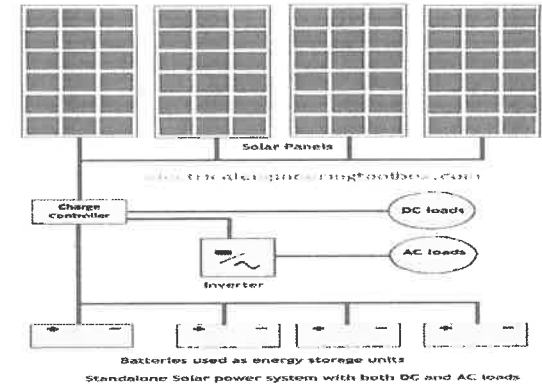

## About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

A photovoltaic (PV) system is a type of solar energy system that converts sunlight directly into electricity using solar panels. The program on photovoltaic systems involves the design, installation, and maintenance of solar energy systems that use photovoltaic technology.

### Objectives of the Program:

- To learn about Photovoltaic System.
- To know about components used in PV system.
- To learn about Construction of PV system.
- To learn about Working of PV System.
- To learn Grid integration and Grid synchronisati

RAJAHMUNDRI-533 296.

**Topics to be covered:**

1. Fundamental concept of Solar PV generation and its modelling & components design.
2. Maximum Power Point Tracking Techniques.
3. Grid integration of solar PV system including power quality and reactive power control.
4. Grid synchronization techniques for grid-connected power converters and mitigation of power quality problems.
5. Demonstration of Solar PV simulator and its design.

**Outcomes of the Program:**

At the end of this course, the student will be able to

1. Understand about photovoltaic system.
2. Identify the different types of PV system.
3. Apply the concepts in related fields.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

## About the Program

ETABS Software, abbreviated for “**Extended Three-dimensional Analysis of Building Systems**” is a 3D integrated software that is used for structural analysis and design purposes in areas like civil engineering. It integrates every small aspect of engineering designing while also involving the production of schematic sketches.

## PROGRAM REPORT

**Name of the Program** : “A Two-Week Certificate Program on E Tabs Software”

**Date/Duration** : 07.09.2017 to 20.09.2017 (Two Week).

**Resource Person** : Mr. AMN Kashyap,  
Head of the Department,  
CE, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:9491728149

Mail:kashyap.gec@giet.ac.in

**Name of the Coordinator** : Mr.V Suresh, Assistant Professor, CE.

**No of the Participants** : 37

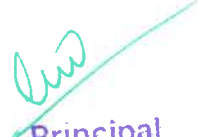

**Program Objective** :

- Learn basic to advanced E TABS
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

:The following topics are covered

- Introduction to E TABS
- Introduction to 3D and 3D solids
- Extrude, loft, press
- Dynamic UCS,selection plane

## Program Outcome

:

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

**A Two Week Add on Program on  
"Computer Hardware And  
Networking"  
11.09.2017 to 23.09.2017**

**Organized  
by  
DEPARTMENT OF  
ELECTRONICS AND COMMUNICATION  
ENGINEERING  
GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC  
NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

Networking devices includes a broad range of equipment which can be classified as core network components which interconnect other network components, hybrid components which can be found in the core or border of a network and hardware or software components which typically sit on the connection point of different networks.

Taking a wider view, mobile phones, tablet computers and devices associated with the internet of things may also be considered networking hardware. As technology advances and IP-based networks are integrated into building infrastructure and household utilities, network hardware will become an ambiguous term owing to the vastly increasing number of network capable endpoints.

## PROGRAM REPORT

**Name of the Event: "A Two Week Certificate Program on Computer Hardware and Networking"**

**Date: 11.09.2017 to 23.09.2017**

**Resource Person: Mr. K.NAGA RAJU**

Assistant Professor, CSE DEPT, GIET Engineering college

Email: [idnagarajuk@giet.ac.in](mailto:idnagarajuk@giet.ac.in)

Contact number: 9989442311

**Name of the Coordinator: Mr. B. Krishna**

**Number of students attended: 49**

**Venue: Computer Lab-1, Sir Arthur Cotton block, GIET Engineering college**

### **Objectives of the Program:**

Introduction to the Linux and Windows operating system, this workshop is perfectly suited for administrators, developers or power-users planning to use Linux and Windows in their environment. The workshop will also be very handy for decision makers evaluating Linux and Windows for its IT infrastructure.

The labs and concepts are independent of a particular distribution of Operating system and apply to other flavours of UNIX as well. We use a recent Operating systems distribution for all labs.

### **Topics to be covered:**

- Fundamentals of Information technology & OS
- Basics of Electronics and Micro processors
- PC Assembling and Troubleshooting
- Windows 2003 server Administration
- Linux Administration

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

- Database Administration

**Outcomes of the Program:**

- At the end of this course, the student will be able to
  1. Understand the PC Assembling and Troubleshooting.
  2. Understanding Windows 2003 server Administration.
  3. Understand the Linux Administration.

2017-18 | Year

## A Two-Week Certificate Program on "Emergency response and Incident Investigation for Supervisors and Managers"

**13-11-2017 to 25-11-2017**

Organized  
by

DEPARTMENT OF  
MANAGEMENT STUDIES

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by NICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

### About the Program

Emergency response is Handle emergencies and incidents in the workplace like a Pro! Join Emergency Response and incident investigation course to minimize risks and ensure safety. Incident investigations that focus on identifying and correcting root causes, not on finding fault or blame, also improve workplace morale.

The main objective of the program is Learn the fundamentals of emergency response and Evaluate any Emergency Management Plan/procedure and recommend actions to improve it. At the end of the program students are Know with Brain Storming – Effective meeting management.

Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

CATIA is a multi platform 3D software suite developed by Dassault Systèmes, encompassing CAD, CAM as well as CAE. Dassault is a French engineering giant active in the field of aviation, 3D design, 3D digital mock-ups, and product lifecycle management (PLM) software. CATIA is a solid modelling tool that unites the 3D parametric features with 2D tools and also addresses every design-to-manufacturing process. In addition to creating solid models and assemblies, CATIA also provides generating orthographic, section, auxiliary, isometric or detailed 2D drawing views.

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on HYPERMESH SOFTWARE"

**Date/Duration** : 07.12.2017 to 20.12.2017 (Two Week).

**Resource Person** : **Mr.P.Rajitha,**  
Assistant Professor,  
MECH, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone:8500814556

Mail:rajithapala6@gmail.com

**Name of the Coordinator** : Mr.M.V.V.Ganesh, Assistant Professor, MECH.

**No of the Participants** : 59

**Program Objective** :

- Introduction Altair
- Automated meshing in Altair Hyperworks
- Automated meshing in Altair Hyperworks –Batch mesher
- Automated meshing in Altair Hyperworks-Rebuild
- Automated meshing in Altair Hyperworks-Midmesh
- Automated meshing in Altair Hyperworks–Replicate

**Topics Covered** :The following topics are covered

- Efficient modelbuild:Automatic Mesh Generation
- HyperWorks for Aerospace
- Digital Approach to Industrial Machinery Design
- Transition to New User Experience
- Altair HyperMesh-Mesh Controls.

## CIRCULAR

**Sub:** A Two Week Certificate Program on “Microwave and Transmission lines” – Reg.

All the ECE Students are here by informed that A Two Week Certificate Program on **Microwave and Transmission lines** will be conducted from **07.12.2017 to 20.12.2017**. All the interested students can enroll their names with Ms. K Vijay Kumari of ECE on or before 04.12.2017. The details of the topics and resource person are available in the brochure in the ECE department notice board.

**Venue:** Seminar hall, CV Raman block, GIET Engineering college.

## Week/Day-wise Schedule

Name of the Program: "A Two Week Certificate Program on Microwave And Transmission lines "

S.No	Day	Date	Duration	Topics to be covered
1.	Thursday	07.12.2017	3 hrs	Introduction to Microwave and transmission lines
2.	Friday	08.12.2017	3hrs	Wire over ground transmission lines
3.	Saturday	09.12.2017	3hrs	Artificial transmission lines
4.	Monday	11.12.2017	3hrs	Co-planar waveguides
5.	Tuesday	12.12.2017	3hrs	Slow wave structures
6.	Wednesday	13.12.2017	3hrs	Double ridged waveguide
7.	Thursday	14.12.2017	3hrs	Parallel plate wave guide
8.	Friday	15.12.2017	3hrs	Substrate integrated waveguide
9.	Saturday	16.12.2017	3hrs	Non-Linear transmission lines
10.	Monday	18.12.2017	3hrs	Different parameters of transmission lines
11.	Tuesday	19.12.2017	3hrs	Impedance matching and Stub matching
12.	Wednesday	20.12.2017	3hrs	Reflection co-efficient & VSWR

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram , in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

Apparatus and techniques may be described qualitatively as "microwave" when the wavelengths of signals are roughly the same as the dimensions of the equipment, so that lumped-element circuit theory is inaccurate. As a consequence, practical microwave technique tends to move away from the discrete resistors, capacitors, and inductors used with lower frequency radio waves. Open-wire and coaxial transmission lines give way to waveguides, and lumped-element tuned circuits are replaced by cavity resonators or resonant lines. Effects of reflection, polarization, scattering, diffraction, and atmospheric absorption usually associated with visible light are of practical significance in the study of microwave propagation.

## PROGRAM REPORT

**Name of the Event: "A Two Week Certificate Program on Microwave And Transmission Lines "**

**Date: 07.12.2017 to 20.12.2017**

**Resource Person: Mr. T CHANDRA SEKHAR**

Associate Professor ECE, GIET Engineering college

Email.id: [tchandrasharece@giet.ac.in](mailto:tchandrasharece@giet.ac.in)

Contact number: 9949806418

**Name of the Coordinator: Ms. K VIJAY KUMARI**

**Number of students attended: 87**

**Venue: Seminar hall, CV Raman block, GIET Engineering college**

### **Objectives of the Program:**

The workshop will include sessions focused on technologies, techniques and applications with intent to foster the exchange of knowledge and ideas between experts.

### **Topics to be covered:**

Review fundamental RF components

- Components power rating.
- Percentage of transmission media designed in power rating of RF.
- Calculation tools of VSWR.
- Power rating for coaxial and waveguide transmission line.

### **Outcomes of the Program:**

- At the end of this course, the student will be able to
  1. Understand the power ratings of RF and Microwave components.

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

2. Calculated the Parameters.
3. Understand the working of Microwave and Transmission lines.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

## About the Program

The **Total station** is designed for measuring of slant distances, horizontal and vertical angles and elevations in topographic and geodetic works, tachometric surveys, as well as for solution of application geodetic tasks. The measurement results can be recorded into the internal memory and transferred to a personal computer interface.

Student benefit from the many features of total stations, such as data capturing and analysis. These features allow businesses to take advantage of flawless and accurate survey collecting, providing significant cost savings while increasing the likelihood of getting accurate information

Mail:redy.gec@giet.ac.in

**Name of the Coordinator** : Mr.AMN Kashyap, Assistant Professor, CE.

**No of the Participants** : 27

**Program Objective** :

- Learn basic to advanced TOTAL STATION
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and plot of surveys
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered**

:The following topics are covered

- Introduction to TOTAL STATION
- Introduction to Areas and Heights
- Extrude, loft, press
- Dynamic UCS,selection plane

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

Java is a widely-used programming language known for its simplicity, reliability, and platform independence. It was first released in 1995 and has since become one of the most popular programming languages in the world. Java is an object-oriented language that makes use of objects to perform specific tasks.

Java has a rich standard library that simplifies common programming tasks such as input/output, networking, databases, and user interfaces. There are also many third-party libraries and frameworks available, such as Spring and Hibernate, which simplify web development and database integration.

This workshop enables the learners to identify various implications of JAVA programming w.r.t core as well as software field.

## LIST OF STUDENTS ENROLLED FOR A TWO WEEK CERTIFICATE PROGRAM ON JAVA PROGRAMMING

S.NO	PIN NO	NAME OF THE STUDENT	PROGRAM NAME	YEAR-SEMETER	SIGNATURE OF STUDENT
1	15T91A0201	CHELAMSETTI PAVAN KUMAR	B.Tech-EEE	III-II	C. Pavan Kumar
2	15T91A0202	CHIDIPI KIRAN KUMAR	B.Tech-EEE	III-II	Ch. Kiran Kumar
3	15T91A0204	GADUSULA DURGA PRASAD	B.Tech-EEE	III-II	G. Durga Prasad
4	15T91A0205	KOPPIREDDY VEERAMANIKANTA	B.Tech-EEE	III-II	K.V. Manikanta
5	15T91A0206	KAGITHAPALLI VASANTHA NAIDU	B.Tech-EEE	III-II	K. Vasanthanaidu
6	15T91A0207	KADUPU SURI BABU	B.Tech-EEE	III-II	K. Suri Babu
7	15T91A0208	EDDU ADIVISHNU	B.Tech-EEE	III-II	E. Adivishnu
8	15T91A0209	THANNEDI SIVA MANI KUMAR	B.Tech-EEE	III-II	T.S.M. Kumar
9	16T95A0201	BOMMANA LOKESH KUMAR	B.Tech-EEE	III-II	B. Lokesh Kumar
10	16T95A0202	BEERA VIKRAMKUMAR	B.Tech-EEE	III-II	B. Vikram Kumar
11	16T95A0203	TAMALAMUDI VENKATA DURGA REDDY	B.Tech-EEE	III-II	T.V. Durga Reddy
12	16T95A0204	MADIREDDY SAI KIRAN	B.Tech-EEE	III-II	M. Sai Kiran
13	16T95A0205	YATHIRAJULA SRIKANTH	B.Tech-EEE	III-II	Y. Srikanth
14	16T95A0206	PRATTIPATI JNANPAL	B.Tech-EEE	III-II	Prathin Jnanpal
15	16T95A0207	BENDA BABURAO	B.Tech-EEE	III-II	P. Baburao
16	16T95A0208	GURRAM DURGA PRASAD	B.Tech-EEE	III-II	G. Durga Prasad
17	16T95A0209	PASALA SIVA KRISHNA	B.Tech-EEE	III-II	P. S. Krishna
18	16T95A0210	GADELLI SIVA SAI	B.Tech-EEE	III-II	G. Siva Sai
19	16T95A0211	BADDA PAVANKUMAR	B.Tech-EEE	III-II	B. Pavankumar
20	16T95A0212	CHINTALA VENKATA MANIKANTA JAI SAI RAM	B.Tech-EEE	III-II	C.V.M.J. Sairam
21	16T95A0213	YERRA PRASAD	B.Tech-EEE	III-II	Y. Prasad
22	16T95A0214	NACHIREDDY SAI TEJA	B.Tech-EEE	III-II	N. Sai Teja
23	16T95A0215	A.TENIL SRIDHAR	B.Tech-EEE	III-II	A. Sridhar
24	16T95A0216	KOMIRISETTI SATISH	B.Tech-EEE	III-II	K.S. Satish
25	16T95A0217	BALABHADRA BALA SRI RAM	B.Tech-EEE	III-II	B. Sri Ram
26	16T95A0218	YANDAPALLI TEJASRI KAMALAKAR	B.Tech-EEE	III-II	Y. Tejasri
27	16T95A0219	KANCHIPATI CHIRANJEEVI	B.Tech-EEE	III-II	K. Chiranjeevi
28	16T95A0220	ADIRAJU SAI PAVAN KUMAR	B.Tech-EEE	III-II	A.S. Pavan Kumar
	16T95A0221	VADAPALLI SRINIVAS	B.Tech-EEE	III-II	V. Srinivas
	16T95A0222	KAVALI SANJAY BHARGAV	B.Tech-EEE	III-II	K. Sanjay
31	16T95A0223	NAGIREDDY JAGATH	B.Tech-EEE	III-II	N. Jagath
32	16T95A0224	KETHA GUNA SEKHAR	B.Tech-EEE	III-II	K. Sekhar
33	16T95A0225	PANDRANKI RAMA KRISHNA	B.Tech-EEE	III-II	P. Krishna
34	16T95A0226	NAGAM RAJU	B.Tech-EEE	III-II	N. Raju
35	16T95A0227	AMMINAYAKULA VENKATESH	B.Tech-EEE	III-II	A. Venkatesh
36	16T95A0228	KASARA JAYA SHANKAR REDDY	B.Tech-EEE	III-II	K. Shankar Reddy
37	16T95A0229	AKULA SRI HARSHA	B.Tech-EEE	III-II	A. Harsha
38	16T95A0230	NALLAGANTI BHASKAR	B.Tech-EEE	III-II	N. Bhaskar
39	16T95A0231	PAATI ADI NARAYANA	B.Tech-EEE	III-II	P. Adinarayana
40	16T95A0232	INTI JASWANTH	B.Tech-EEE	III-II	I. Jaswanth
41	16T95A0233	TAILAM PARAMESWARA RAO	B.Tech-EEE	III-II	T. Parameswara Rao
42	16T95A0234	K SRI SAI	B.Tech-EEE	III-II	K. Sri Sai
43	16T95A0235	ANANTHA SAI GANESH	B.Tech-EEE	III-II	A. Sai Ganesh
44	16T95A0236	UNDAMATLA DURGA RAO	B.Tech-EEE	III-II	U. D. Rao
45	16T95A0237	VISARAPU PRAVEEN KUMAR	B.Tech-EEE	III-II	V. Praveen
46	16T95A0238	VASAMSETTI SAI VEERENDRA	B.Tech-EEE	III-II	V. S. Veerendra
47	16T95A0240	D.VEERA VENKATA NAGA SAI ANJANI KUMAR	B.Tech-EEE	III-II	D.V.V.N.S.A. Kumar

## PROGRAM REPORT

**Name of the Event: A Two Week Certificate Program on "JAVA PROGRAMMING"**

**Date: 14.12.2017 to 28.12.2017**

**Resource Person: Mr. P. Sasi Kumar**

Assistant Professor CSE Dept. GIET Engineering College.

Email.id: psasikumar@gmail.com

Contact number: 9951508555

**Name of the Coordinator: Mr .MN. Saidulla**

**Number of students attended: 47**

**Venue: Online Lab, Sir Arthur Cotton Block, GIET Engineering college.**

**Objectives of the Program:**

1. To introduce the concept of Java.
2. To learn about objects and classes.
3. To know about OOPS in Java.
4. To learn about Threads in Java.
5. To learn about Generics and Java IO and Java collection Framework.
6. To know about AWT and Applets and JDBC.

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

**Topics to be covered:**

1. Basics of Java.
2. Objects and Classes in Java .
3. OOPs in Java.
4. Threads and Multi Threads in Java.
5. Java generics, Java IO and Collection Framework in Java
6. AWT applets and JDBC.

**Outcomes of the Program:**

At the end of this course, the student will be able to

1. Understand the overview of Java
2. Apply to write a Program in Java.
3. Understand the advantages and applications of Java.

## CIRCULAR

**Sub:** A Two-Week Certificate Program on “Python Programming” – Reg.

All the CSE Students of III B. Tech are here by informed that “A Two-Week Certificate Program on Python Programming” will be conducted from 04.12.2017 to 16.12.2017. All the interested students can enroll their names with Mr. P. Sasi Kumar, Dept. of CSE on or before 01.12.2017. The details of the topics and resource person are available in the brochure in the CSE department notice board.

**Venue:** API LAB, CSE Department, GIET Engineering College.

## PROGRAM REPORT

- Name of the Program : "A Two-Week Certificate Program On Python Programming".
- Date/Duration : 04.12.2017 to 16.12.2017 (Two Week).
- Resource Person : Dr. Y. Venkat,  
Professor, HOD, CSE.  
Phone: 8367456787  
Mail: [venkatgy@giet.ac.in](mailto:venkatgy@giet.ac.in)
- Name of the Coordinator : Mr. P. Sasi Kumar,  
Assistant Professor, CSE.
- No of the Participants : 57
- Program Objective :
- To acquire programming skills in core Python.
  - To acquire Object Oriented Skills in Python
  - To develop the skill of designing Graphical user Interfaces in Python
  - To develop the ability to write database applications in Python
- Program Outcome :
- Apply the basics of programming in the Python language.
  - Solve coding tasks related conditional execution, loops
  - Solve coding tasks related to the fundamental notions and techniques used in object-oriented programming.
  - Develop essential programming skills in Computer programming concepts.
