**A Two Week Certification Course on  
"Python Programming"  
18.10.2021 to 30.10.2021**

Organized  
by  
DEPARTMENT OF  
ELECTRICAL AND ELECTRONICS ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by NICTE | Affiliated to JNTUK, Kalinada | Accredited by NAAC  
NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

Python is a high-level, interpreted programming language that is widely used for web development, data analysis, machine learning, and scientific computing.

### Objectives of the Program:

- To Impart the Knowledge to the students PYTHON Programming
- Learn core python scripting elements such variables and flow control structures
- Discover how to work with lists and sequence data
- Write python functions to facilitate code
- Write python to read and write files

### PROGRAM REPORT

**Name of the Event:** A Two Week Certificate Program on PYTHON programming

**Date:** 18.10.2021 to 30.10.2021

**Resource Person:** Mr.K.Naga Raju

Assoc Professor CSE, GIET Engineering college

Email.id: [nagaraju@giet.ac.in](mailto:nagaraju@giet.ac.in)

Contact number: 7989648121

**Name of the Coordinator:** Mr.G.Venkateswara Rao

**Number of students attended:** 140

**Venue:** APSSDC Lab, CV RAMAN BLOCK, GIET Engineering college

#### **Objectives of the Program:**

- To Impart the Knowledge to the students with PYTHON Programming
- Learn core python scripting elements such as variables and flow control structures
- Discover how to work with lists and sequence data
- Write python functions to facilitate code reuse
- Write python to read and write files

  
Principal  
GIET ENGINEERING COLLEGE  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

### Topics to be covered:

- Introduction to python basic coding skills
- Use IDLE to develop programs
- Working with data types and variables
- Working with numeric data and string data
- Python functions
- Boolean expressions
- Selection structure and iteration structure
- Illustrative programs
- Associative memory
- Adaptive resonance theory
- Genetic algorithms for learning neural networks

### Outcomes of the Program:

- At the end of this course, the student will be able to
  1. Explain basic principles of Python programming language
  2. Implement object oriented concepts
  3. Implement data base and GUI applications

It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

### **PROGRAM REPORT**

**Name of the Event: A Two Week Certificate Program on PYTHON programming**

**Date: 25.10.2021 to 06.11.2021**

**Resource Person: Mr.K.Naga Raju**

Assoc Professor CSE, GIET Engineering college

Email.id: [nagaraju@giet.ac.in](mailto:nagaraju@giet.ac.in)

Contact number: 7989648121

**Name of the Coordinator: Mr.AM N Kashyap**

**Number of students attended: 07**

**Venue: APSSDC Lab, CV RAMAN BLOCK, GIET Engineering college**

#### **Objectives of the Program:**

- To Impart the Knowledge to the students with PYTHON Programming
- Learn core python scripting elements such as variables and flow control structures
- Discover how to work with lists and sequence data
- Write python functions to facilitate code reuse
- Write python to read and write files

## A Two Week Add on Program on "Basics of Raspberry using Python programming"

**25.10.2021 to 08.11.2021**

Organized  
by  
DEPARTMENT OF  
ELECTRONICS AND COMMUNICATION  
ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by NICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

The Raspberry Pi is a fully-fledged mini computer, capable of doing whatever you might do with a computer. It comes with 4x USB, HDMI, LAN, built-in Bluetooth/WiFi support, 1GB RAM, 1.2GHz quad-core ARM CPU, 40 GPIO (General Purpose Input Output) pins, audio and composite video output, and more.

**Python** is a very popular general-purpose interpreted, interactive, object-oriented, and high-level programming language. Python is dynamically-typed and garbage-collected programming language. It was created by Guido van Rossum during 1985- 1990. Like Perl, Python source code is also available under the GNU General Public License (GPL).

## PROGRAM REPORT

**Name of the Event: A Two Week Certificate Program on Basics of Raspberry using Python programming "**

**Date: 25.10.2021 to 08.11.2021**

**Resource Person: Dr.S.K.Meera Sharif**

Professor CSE, GIET Engineering college

Email.id: Sharif@giet.ac.in

Contact number:9490790137

**Name of the Coordinator: Mr.P.Siva Krishna**

**Number of students attended:102**

**Venue: Computer lab, Sir Arthur cotton block, GIET Engineering college**

### **Objectives of the Program:**

- To Impart the Knowledge to the students with Raspberry Pi
- To provide a working knowledge withRaspberry Pi using programming
- To introduce students the use of programming language python to build hardware projects.

COMPUTER SCIENCE AND ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. Carrying out an ethical hack involves duplicating strategies and actions of malicious attackers. This practice helps to identify security vulnerabilities which can then be resolved before a malicious attacker has the opportunity to exploit them.

Ethical hackers are security experts that perform these security assessments. The role of an ethical hacker is important within the cybersecurity industry. Ethical hackers are tasked with the knowledge, skills, and experience to perform risk assessments and test systems for security related issues.

#### Resource Person

**Mr. K. Nagaraju,**

Head of the department, CSE,  
GIET Engineering College,  
Rajahmundry.

Date: 26.11.2021

### PROGRAM REPORT

Name of the Program : "A Certificate Program on Ethical Hacking".

Date/Duration : 09.11.2021 to 23.11.2021 (Two Week).

Resource Person : Mr. K. Nagarju,  
Assistant Professor, CSE DEPT.  
GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P  
Phone: 9989442311  
Email: [nagarajuk@giet.ac.in](mailto:nagarajuk@giet.ac.in)

Name of the Coordinator : Mrs. T. Meenakshi,  
Assistant Professor, CSE.

No of the Participants : 58

Program Objective :

- Learn key topics in information security, including footprinting, network scanning, malware threats, sniffing, social engineering, denial of service, and session hijacking
- Identify and defend against webserver attacks, including wireless and mobile hacking
- Be able to evade IDS, firewalls, and honeypots
- Recognize and address threats that accompany cloud computing and cryptography.

Principal  
GIET ENGINEERING COLLEGE.  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

Program Outcome :

- Outline ethical considerations of hacking  
Outline legal considerations of hacking
- Assess an environment using  
footprinting
- Collect information using network  
scanning
- Identify methods to gain access to  
systems
- Analyze social engineering methods
- Explain common physical security  
weaknesses

## Organising Committee

### Chief Patron

Shri. KVV Satyanarayana Raju  
Chairman, Chaitanya Group

### Patrons

Shri. K. Sasi Kiran Varma  
Vice-chairman, Chaitanya Group  
Smt. K. V. V. Lakshmi  
Executive Director, Chaitanya Group

### Co-Patrons

Dr. D. L. N. Raju  
CEO, Chaitanya Group  
P. Subba Raju  
General Manager, GIET Institutions

### Chairperson

Dr. T. Vamsee Kiran  
Principal, GIET Engineering College

### Convener

Dr. B. Jagdeesh  
Head of the department,  
Department of Electronics and Communications  
Engineering  
Email: [ece.gec@giet.ac.in](mailto:ece.gec@giet.ac.in)

### Co-ordinator

Mr. A. G. V. Karthikraju,  
Assistant Professor,  
Department of Electronics and Communications  
Engineering  
Mobile No: 9492507360  
Email id: Karthik.raju01@gmail.com

## A Two Week Add on Program on "MATLAB programming"

### REGISTRATION FORM

1. Name of the Participant:
2. Class:
3. Roll Number:
4. Academic Year:
5. Branch:
6. Phone Number:
7. Email ID:
8. Address for Communication:
9. Signature of Participant:
10. Signature of class teacher:
11. Remarks (if any)

Date:

Station:

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

HOD

## A Two Week Add on Program on "MATLAB programming" 08.11.2021 to 20.11.2021

Organized  
by

DEPARTMENT OF  
ELECTRONICS AND COMMUNICATION  
ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

MATLAB is a software package for high-performance mathematical computation, visualization, and programming environment. It provides an interactive environment with hundreds of built-in functions for technical computing, graphics, and animations. MATLAB stands for **Matrix Laboratory**. MATLAB was written initially to implement a simple approach to matrix software developed by the **LINPACK** (Linear system package) and **EISPACK** (Eigen system package) projects. MATLAB is a modern programming language environment, and it has refined data structures, includes built-in editing and debugging tools, and supports object-oriented programming.

**Outcomes of the Program:**

- At the end of this course, the student will be able to
1. Understand the basics of Matlab
  2. Break a complex task up into smaller, simpler tasks
  3. Case Study (Any two Modules)
  4. Tabulate results and Analyse

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

## About the Program

AutoCAD is a **commercial computer-aided design (CAD)** and drafting software application. Developed and marketed by Autodesk, AutoCAD was first released in December 1982 as a desktop app running on microcomputers with internal graphics controllers. Before AutoCAD was introduced, most commercial ...

The main objective of the program is to Impart Knowledge to the students with emerging Drafting applications. This program enhances the drawing skills of 2D and 3D Models of various building plans and designs.

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on Applications in AUTOCAD"

**Date/Duration** : 15.11.2021 to 27.11.2021 (Two Week).

**Resource Person** : Mr. E T Chakarpani,  
Head of the Department,  
CE, GIET ENGINEERING COLLEGE.  
Rajahmundry, A.P

Phone: 9866878484

Mail: [civil.gec@giet.ac.in](mailto:civil.gec@giet.ac.in)

**Name of the Coordinator** : Ms. G P Swathi, Assistant Professor, CE.

**No of the Participants** : 27

**Program Objective** :

- Learn basic to advanced AUTOCAD
- The best courses for building a great profiles for higher study and jobs
- Participants can apply for LOR after the program
- Allows to draw and edit 2D and 3D designs
- Minimize human errors and helps the users to bring imagination to animation.

**Topics Covered** : The following topics are covered

- Introduction to AUTOCAD
- Introduction to 3D and 3D solids
- Extrude, loft, press

Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

- Dynamic UCS, selection plane

### Program Outcome :

- .Easy to zoom in and zoom out and pan to other areas of drawing
- Easy to draw objects accurately with various options to set exact size
- Can see a 3D image of drawing and can rotate it to all angles.
- Identify and solve any problems with the design before production.

## A Two Week Add on Program on “Real World Applications on Advanced Web Technologies”

15.11.2021 to 27.11.2021

Organized  
by

DEPARTMENT OF  
COMPUTER SCIENCE AND ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

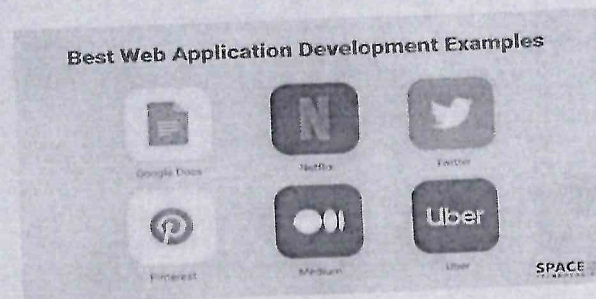

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

A web application can be developed for several uses, which can be used by anyone like it can be used as an individual or as a whole organization for several reasons. a web application can contain online shops (or we can also say them e-commerce shops), webmail's, calculators, social media platforms, etc.

web application is generally coded using the languages supported by almost every web-browsers such as HTML, JavaScript because these are the languages that rely on the web browsers to render the program executable.

Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

Date:30.11.2021

### PROGRAM REPORT

Name of the Program : "Add-on Certificate Program On Real world Applications on Advanced Web Technologies"

Date/Duration : 15.11.2021 to 27.11.2021 (Two Week).

Resource Person : Mrs. Archana,  
Assistant Professor,  
CSE DEPARTMENT,  
GIET ENGINEERING COLLEGE.  
Phone:9030659795  
Email:archana23@gmail.com

Name of the Coordinator : Mr. Bala Ambedkar,  
Assistant Professor, CSE.

No of the Participants : 67

Program Objective :

- Choose best technologies for solving web client/server problems.
- Create conforming web pages.
- Use Javascript for dynamic effects.
- Use Javascript to validate form input entry.
- Use appropriate client-side or Server-side applications.
- Write Perl/CGI scripts.
- Write PHP scripts.
- Create adaptive web pages.

  
Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

### Program Outcomes :

- Describe fundamentals of web
- Describe the function of JavaScript as a dynamic webpage creating tool
- Distinguish PHP as a serverside programming language
- Outline the principles behind using MySQL as a backend DBMS with PHP

DEPARTMENT OF

MECHANICAL ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of are laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

Ansys offers structural analysis software solutions that enable engineers of all levels and backgrounds to solve complex structural engineering problems faster and more efficiently. With our suite of tools, engineers can perform finite element analyses (FEA), customize and automate solutions for structural mechanics challenges and analyze multiple design scenarios. By using our software early in the design cycle, businesses can save costs, reduce the number of design cycles and bring products to market faster.

Date: 29.11.2021

### PROGRAM REPORT

**Name of the Program** : "A TWO WEEK CERTIFICATE PROGRAM  
ON ANALYSIS THROUGH ANSYS  
(STRUCTURAL & THERMAL)"  
ANSYS(STRUCTURAL & THERMAL)"

**Date/Duration** : 15.11.2021 to 27.11.2021 (Two Week).

**Resource Person** : Mrs.E.NIRMALA DEVI,  
Associate Professor  
MECH, GIET(A).  
Rajahmundry, A.P

Phone: 9493282245

Mail: [nirmala\\_ram@yahoo.com](mailto:nirmala_ram@yahoo.com)

**Name of the Coordinator** : Mr.P.vipin raj, Assistant Professor, MECH.

**No of the Participants** : 50

**Program Objective** :

- Advanced structural analysis using ANSYS work bench
- The course provides an in depth understand of FEA using ANSYS work bench
- This will help you become an enhanced ANSYS professional, ready to enter.

**Topics Covered**

: The following topics are covered

- Understand the basics of FEA
- Introduction to ANSYS work bench.
- Introduction to ANSYS space claims.

  
Principal  
GIET ENGINEERING COLLEGE.  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

**Program Outcome** :

- Generating mesh
- Optimizing models to refine mesh
- Surface and line models
- Static structural analysis
- Model analysis.

22-11-2021 to 04-12-2021**

Organized  
by  
DEPARTMENT OF  
MANAGEMENT STUDIES  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

### About the Program

Professional skill Development support you in your everyday life at work, helping you to build stronger relationships with colleagues, be noticed by senior staff and become more of a rounded member of your team. Such things come slowly through experience

The main objective of the program is to improve your confidence and adds to your credibility by learning new skills and attaining professional designations. Continued professional development allows you to make more meaningful contributions to your team and to become more effective at your workplace.

#### Program Objectives

- Define the role of the office management & administrative professionals
- Provide practical problem-solving techniques for efficient office management
- Understand the importance of effective administration skills within an organization
- Develop the skills needed to be an administrator or professional secretary
- Manage time efficiently and be able to think proactively
- Enhance communication and interpersonal skills
- Develop self-management and deal with time wasters.
- Employ a proactive role in handling job responsibilities within a team environment

#### Topics Covered

- How the organizations culture depends on the image/role of the Office Management Professional
- How Administrators can build Competitive Edge Departments
- Role of Administrator in enhancing productivity and reducing conflict/lost time
- Demonstrate administrative expertise and develop, implement and ensure compliance with organizational systems, processes, and procedures
- Action planning and transfer of knowledge and skills to work
- Coping with different personalities and working styles
- How to Utilise planning strategies and forward thinking

HOD

A Two Week Add-on program on  
"ELECTRICAL VEHICLE DESIGN"  
22.11.2021 to 04.12.2021

Organized  
by  
DEPARTMENT OF  
ELECTRICAL AND ELECTRONICS ENGINEERING  
**GIET ENGINEERING COLLEGE**  
(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kalinada | Accredited by NAAC  
NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

## About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

## About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

## About the Program

1. Understanding the fundamentals of electric vehicle technology and design principles.
2. Gaining knowledge of electric power train components, vehicle dynamics, and battery management systems.
3. Learning about charging infrastructure and compatibility with electric vehicles.
4. Applying theoretical knowledge to real-world electric vehicle design projects.
5. Developing the ability to design and evaluate electric vehicle systems and components.
6. Preparing for a career in electric vehicle design, manufacturing, or research and development.

### PROGRAM REPORT

**Name of the Event:** A Two Week Certificate Program on Electrical Vehicle Design

**Date:** 22.11.2021 to 05.12.2021

**Resource Person:** Dr T.VAMSEE KIRAN

Professor , GIET Engineering college

Email.id: tvamseekiran@giet.ac.in

Contact number: 9885171411

**Name of the Coordinator:** Mr.M.N.Saidulla

**Number of students attended:** 40

**Venue:** Room no. Electrical machines lab, GIET Engineering college

#### **Objectives of the Program:**

- To familiarize with the basic electric components configuration for the Electric Propulsion unit.
- To expose utilization of different Energy storage system and Hybridization.
- To inculcate the knowledge while resolving issue of Energy management system

**Topics to be covered:**

  
Principal  
GIET ENGINEERING COLLEGE.  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## A Two Week Add on Program on "Solid Works Software"

01.12.2021 to 14.12.2021

Organized  
by

DEPARTMENT OF  
MECHANICAL ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by HICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of are laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

### About the Program

SOLIDWORKS uses parametric design, which is why it's such an effective tool for designers and engineers. This means that the designer can see how changes will affect its neighboring components, or even the overall solution. For example, if the size of a single component is increased, this would affect the joint or hole it's attached to. This allows designers to spot and correct issues quickly and easily.

## PROGRAM REPORT

**Name of the Program** : "A Two-Week Certificate Program on Solid Works Software"

**Date/Duration** : 01.12.2021 to 14.12.2021 (Two Week).

**Resource Person** : Mr.P.POORNA MOHAN,  
Head of the Department,  
MECH, GIET ENGINEERING COLLEGE,  
Rajahmundry, A.P

Phone: 9700831015

Mail: pinjarla poornamohan@gmail.com

**Name of the Coordinator** : Mr.K.V.G.PRAVEEN, Assistant Professor, MECH.

**No of the Participants** : 22

**Program Objective** :

- Circuit works
- CAM
- Electrical 3d
- Simulation
- Visualize

**Topics Covered** : The following topics are covered

- Surface design
- Weldment Design
- Photorealistic image rendering
- Solid works tool box
- Simulation and validation

### About the Program

CATIA is a multi platform 3D software suite developed by Dassault Systèmes, encompassing CAD, CAM as well as CAE. Dassault is a French engineering giant active in the field of aviation, 3D design, 3D digital mock-ups, and product lifecycle management (PLM) software. CATIA is a solid modelling tool that unites the 3D parametric features with 2D tools and also addresses every design-to-manufacturing process. In addition to creating solid models and assemblies, CATIA also provides generating orthographic, section, auxiliary, isometric or detailed 2D drawing views.

### PROGRAM REPORT

**Name of the Program** : “CATIA-V5 FOUNDATION FOR PART  
DESIGN PERFORMING”

**Date/Duration** : 06.12.2021 TO 18.12.2021 (Two Week).

**Resource Person** : P. POORNA MOHAN  
Head of the Department,  
MECH, GIET ENGINEERING COLLEGE,  
Rajahmundry, A.P

Phone: 9700831015

Mail: [pinjarlapoornamohan@gmail.com](mailto:pinjarlapoornamohan@gmail.com)

**Name of the Coordinator** : Mr. K. V. G. Praveen, Assistant Professor, MECH.

**No of the Participants** : 09

**Program Objective** :

- Create and save various types of CATIA-v5 documents
- Create and constrain sketches
- Describe the functional capabilities and general usage
- Differentiate and switch between a selection of work benches
- Perform various tasks concerning 3D navigation and geometry section.

Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## **GIET ENGINEERING COLLEGE**

Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

---

### **Topics Covered**

:The following topics are covered

- Surface based features
- Assembly module
- Sheet metal design module
- Drafting module
- Sketcher module

### **Program Outcome**

:

- You will be comfortable with sketching parts in 2D environment
- You can create constraints and measure to define a sketch or a body
- You can modify features and use desup commands to retouch and form.

MANAGEMENT STUDIES

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

### About the Program

Contemporary management is a process by which one plan, organizes, leads, and achieves organizational goals to accomplish hierarchical objectives. Contemporary strategic planning tools help corporate organizations to be in a better position in today's uncertain circumstances.

The main objective of the program is to Impart Knowledge to the students with Understanding the contemporary management principles and practices and changing organizational structures. At the end of the programme students can Familiar with Six sigma Strategic Model and Implementation of Total Quality Management

**No of the Participants** : 15

### Program Objectives

Participants in the Contemporary Management Techniques in Strategic Planning Programme will be able to:

- Understand contemporary management principles and practices
- Understand changing organizational structures
- Familiar with Six sigma Strategic Model
- Understand how to maintain Inventory Levels
- Maintain a centralized Information system
- Know how reduce Inventory cost with JIT

### Topics Covered

- Preparation of Strategic Plans
- Management Information system
- Advantages of Just In Time System
- Best Practices of Six Sigma
- Implementation of Total Quality Management
- Competitive Advantage of Balanced score card
- Role of ABC Analysis in Cost control

**Program Outcomes** : At the end of the day students able to

- Gain knowledge and Importance of Strategic Planning
- Understand tools and Techniques of contemporary management
- Equipped with the challenges with the organization
- Understand how to manage knowledge and intellectual capital
- Eliminate Wastes in Production process
- Understand with Six Sigma Process
- Understand importance of Benchmarking in competitive World

ENGINEERING

**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

### About the Program

Nano electronics is the term used in the field of nanotechnology for electronic components and research on improvements of electronics such as display, size, and power consumption of the device for practical use. This includes research on memory chips and surface physical modifications on electronic devices.

The main objective of the program is to Impart Knowledge to the students with emerging Nano Technology applications. This program covers introducing Nano FET sensors and scaling its challenges and molecular Electronic devices and its Advancements in FET.

Campus, Rajamahendravaram, AP.**

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

Web technologies refers to the way computers/devices communicate with each other using markup languages. It involves its communication across the web, and create, deliver the web content using (HTML).

A web-application is an application program that is usually stored on a remote server, and users can access it through the use of Software known as web-browser. web application are generally coded using the languages supported by almost every web-browsers such as HTML, JavaScript because these are the languages that rely on the web browsers to render the program executable.

Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgec@giet.ac.in](mailto:principalgec@giet.ac.in)

Date: 01.06.2022

### PROGRAM REPORT

Name of the Program : "A Certificate Program on Web Technologies And Its Applications"

Date/Duration : 16.05.2022 to 28.05.2022 (Two Week).

Resource Person : Dr.S. K. Meera Sharif,  
Professor, Head of the Department,  
CSE, GIET ENGINEERING COLLEGE.  
Phone: 9490790137  
Mail: [sharif@giet.ac.in](mailto:sharif@giet.ac.in)

Name of the Coordinator : Mr.P. Sasi Kumar,  
Assistant Professor, CSE.

No of the Participants : 140

Program Objective :

- Choose best technologies for solving web client/server problems.
- Create conforming web pages.
- Use Javascript for dynamic effects.
- Use Javascript to validate form input entry.
- Use appropriate client-side or Server-side applications.
- Write Perl/CGI scripts.
- Write PHP scripts.
- Create adaptive web pages.

Principal  
GIET ENGINEERING COLLEGE,  
NH-16, Chaitanya Knowledge City,  
RAJAHMUNDRY-533 296.

## GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,  
Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: [principalgeo@giet.ac.in](mailto:principalgeo@giet.ac.in)

---

### Program Outcome

- Be able to develop apps to created3D scenes.
- Describe fundamentals of web Describe the function of JavaScript as a dynamic webpage creating tool
- Outline the principles behind using MYSQL as a backend DBMS with PHP

INFORMATION TECHNOLOGY  
**GIET ENGINEERING COLLEGE**

(Formerly Known as Chaitanya Institute of Engineering & Technology)  
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET  
Campus, Rajamahendravaram, AP.

### About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

### About the Department

The Department of Information Technology offers Under Graduate programme B.Tech Information Technology. The Department is committed to the preparation of graduates to address the great challenges in the field of Information Technology and to contribute for research and innovation that ensure the sustained growth in Computing.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department has well experienced faculty, skilled technical staff and well equipped laboratories. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

### About the Program

The Microsoft-created .NET Framework is a software development framework that offers a runtime environment, a collection of libraries, and a range of tools for creating and running applications on Windows-based operating systems. The framework supports a range of application types, including desktop, web, mobile, and a number of programming languages, including C#, F#, and Visual Basic.

The Common Language Runtime (CLR) and the .NET Framework Class Library are the two primary parts of the .NET Framework. While the class library offers a substantial collection of pre-built functions and classes that may be used to develop a wide range of applications

## PROGRAM REPORT

- Name of the Program** : "A Certificate Program On .Net Framework Programming "
- Date/Duration** : 23-05-2022 to 04-06-2022 (Two Week).
- Resource Person** : Mr.M.SREENIVASU  
Assoc Professor  
HOD-IT  
Phone:8639518299  
Mail:it.gec@giet.ac.in
- Name of the Coordinator** : Mrs,B.SRINIVASA RAO, Assistant Professor, IT.
- No of the Participants** : 54
- Program Objective** :
- Develop console and Windows applications.
  - Learn about data access mechanisms provided by ADO.NET.
  - Create and consume .dll libraries.
  - Create a web application using .NET.
  - Use ASP.NET and IIS for making user views and applications more secure.
  - Develop WebService and Consume WebService.
- Program Outcome** : **Following are the Program Outcomes**
- Understand the Microsoft .NET Framework and ASP.NET page structure
  - Design web application with variety of controls
  - Access the data using inbuilt data access tools
  - Use Microsoft ADO.NET to access data in web Application
  - Configure and deploy Web Application
  - Develop secured web application
