Certificate/Add on Programs (with 30 or more contact hours) offered during 2021-22

S.NO	Certificate/Add on Programs offered during 2021-22	START DATE	END DATE
1	A Two Week Certification Program on Python Programming	18-Oct-21	30-Oct-21
2	A two week certification program on python programming	25-Oct-21	08-Nov-21
3	A Two Week Certificate Program on Basics of Raspberry using Python programming	25-Oct-21	08-Nov-21
4	A Two Week Certificate Program on Ethical hacking	09-Nov-21	23-Nov-21
5	A Two Week Certificate Program on MATLAB programming	08-Nov-21	20-Nov-21
6	A Two-Week Certificate Program on Applications in AUTOCAD	15-Nov-21	27-Nov-21
7	A Two Week Add on certifice program onreal World applications on advanced web technologies	15-Nov-21	27-Nov-21
8	A Two Week Certificate Program on Analysis Through ANSYS(Structural & Thermal)	15-Nov-21	27-Nov-21
9	A Certificate Programme on Professional Skills Enhancement Master Class for Administrators and Secretar	22-Nov-21	05-Dec-21
10	A Two Week Certification Program on ELECTRICAL VEHICLE DESIGN	22-Nov-21	05-Dec-21
11	A Two Week Certificate Program on Solid Works Software	01-Dec-21	14-Dec-21
12	A Two Week Certificate Program on CATIA V5 Foundation for Part Design Performing	06-Dec-21	18-Dec-21
13	A Certificate Programme on Contemporary Management Techniques in Strategic Planning	07-Mar-22	19-Mar-22
14	A Two Week Add on Program on Emerging Nano Technologies in Electronic Devices	09-May-22	21-May-22
15	A Two week workshop on Web Technologies and its Applictions	16-May-22	28-May-22
16	A Two Week Certificate Program on .NET Framework Programming	23-May-22	04-Jun-22

Organized
by
DEPARTMENT OF
ELECTRICAL AND ELECTRONICS ENGINEERING
GIET ENGINEERING COLLEGE
(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by NICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC
NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

About the Program

Python is a high-level, interpreted programming language that is widely used for web development, data analysis, machine learning, and scientific computing.

Objectives of the Program:

- To Impart the Knowledge to the students PYTHON Programming
- Learn core python scripting elements such variables and flow control structures
- Discover how to work with lists and sequ data
- Write python functions to facilitate code
- Write python to read and write files

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on PYTHON programming

Date: 25.10.2021 to 06.11.2021

Resource Person: Mr.K.Naga Raju

Assoc Professor CSE, GIET Engineering college

Email.id: nagaraju@giet.ac.in

Contact number:7989648121

Name of the Coordinator: Mr.AM N Kashyap

Number of students attended: 07

Venue: APSSDC Lab, CV RAMAN BLOCK, GIET Engineering college

Objectives of the Program:

- To Impart the Knowledge to the students with PYTHON Programming
- Learn core python scripting elements such as variables and flow control structures
- Discover how to work with lists and sequence data
- Write python functions to facilitate code reuse
- Write python to read and write files

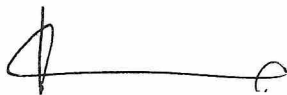

Principal
GIET ENGINEERING COLLEGE
NH-16, Chaitanya Knowledge City,
RAJAHMUNDRY-533 296.

Topics to be covered:

- Introduction to python basic coding skills
- Use IDLE to develop programs
- Working with data types and variables
- Working with numeric data and string data
- Python functions
- Boolean expressions
- Selection structure and iteration structure
- Illustrative programs
- Associative memory
- Adaptive resonance theory
- Genetic algorithms for learning neural networks

Outcomes of the Program:

- At the end of this course, the student will be able to
 1. Explain basic principles of Python programming language
 2. Implement object oriented concepts
 3. Implement data base and GUI applications

Date: 19.10.2021

Week/Day-wise Schedule

Name of the Program: "A Two Week Certificate Program on Basics of Raspberry using Python programming".

S.No	Day	Date	Duration	Topics to be covered
1.	Monday	25.10.2021	3 hrs	Understanding and Introduction to RP
2.	Tuesday	26.10.2021	3hrs	Raspberry Pi SD Installer
3.	Wednesday	27.10.2021	3hrs	OS Configuration, GUI Version
4.	Thursday	28.10.2021	3hrs	Network Setup, Setting Up Using GUI
5.	Friday	29.10.2021	3hrs	GPIO pins and Configuration
6.	Saturday	30.10.2021	3hrs	Linux and its commands
7.	Monday	01.11.2021	3hrs	Using Python, Functions
8.	Tuesday	02.11.2021	3hrs	Conditional statements, Libraries
9.	Wednesday	03.11.2021	3hrs	Basic Python Functionalities Using GPIO Pins for Output
10.	Friday	05.11.2021	3hrs	Interfacing a Sensor
11.	Saturday	06.11.2021	3hrs	Controlling LED with a Switch
12.	Monday	08.11.2021	3hrs	Home Automation System using Pi

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

About the Program

The Raspberry Pi is a fully-fledged mini computer, capable of doing whatever you might do with a computer. It comes with 4x USB, HDMI, LAN, built-in Bluetooth/WiFi support, 1GB RAM, 1.2GHz quad-core ARM CPU, 40 GPIO (General Purpose Input Output) pins, audio and composite video output, and more.

Python is a very popular general-purpose interpreted, interactive, object-oriented, and high-level programming language. Python is dynamically-typed and garbage-collected programming language. It was created by Guido van Rossum during 1985- 1990. Like Perl, Python source code is also available under the GNU General Public License (GPL).

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on Basics of Raspberry using Python programming "

Date: 25.10.2021 to 08.11.2021

Resource Person: Dr.S.K.Meera Sharif

Professor CSE, GIET Engineering college

Email.id: Sharif@giet.ac.in

Contact number: 9490790137

Name of the Coordinator: Mr.P.Siva Krishna

Number of students attended: 102

Venue: Computer lab, Sir Arthur cotton block, GIET Engineering college

Objectives of the Program:

- To Impart the Knowledge to the students with Raspberry Pi
- To provide a working knowledge with Raspberry Pi using programming
- To introduce students the use of programming language python to build hardware projects.

Week/Day-wise Schedule

Name of the Program: "A Two- Week Certificate Program on Ethical Hacking"

S.No	Day	Date	Duration	Topics to be covered
1.	Tuesday	09-11-2021	3hrs	Ethical Hacking Overviews. Hacking concept, what is hacking? Terms we use in hacking. Need of Ethical hacking. Cases of Hacking in India & across the globe
2.	Wednesday	10-11-2021	3hrs	Principles of Ethical hacking. Basic Principle, Commandments of Ethical Hacking
3.	Thursday	11-11-2021	3hrs	Hacking Methodologies, Types of Hacking. Building the foundation for Ethical hacking, Hacking Phases
4.	Friday	12-11-2021	3hrs	Role of Ethical Hacker. Types of Hackers, Roles and Responsibilities
5.	Saturday	13-11-2021	3hrs	Scope & limitations of hacking. Advantages & scope for hacking, Drawbacks & Limitation of hacking
6.	Monday	15-11-2021	3hrs	Cyber Threats and Attacks Vectors, Threats & categories. Attack Vectors and Exploitation
7.	Tuesday	16-11-2021	3hrs	Hacking tools and techniques, Common Hacking Tools.Hacking Techniques & Approaches
8.	Wednesday	17-11-2021	3hrs	Policies and Controls Information Security policies, Risk Management & Incident Management
9.	Thursday	18-11-2021	3hrs	Information Security controls, Data Management
10.	Saturday	20-11-2021	3hrs	Overview of PT / VA. Concept of Penetration testing

COMPUTER SCIENCE AND ENGINEERING
GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

About the Program

Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. Carrying out an ethical hack involves duplicating strategies and actions of malicious attackers. This practice helps to identify security vulnerabilities which can then be resolved before a malicious attacker has the opportunity to exploit them.

Ethical hackers are security experts that perform these security assessments. The role of an ethical hacker is important within the cybersecurity industry. Ethical hackers are tasked with the knowledge, skills, and experience to perform risk assessments and test systems for security related issues.

Date: 26.11.2021

PROGRAM REPORT

Name of the Program : "A Certificate Program on Ethical Hacking".

Date/Duration : 09.11.2021 to 23.11.2021 (Two Week).

Resource Person : Mr. K. Nagarju,
Assistant Professor, CSE DEPT.
GIET ENGINEERING COLLEGE.
Rajahmundry, A.P
Phone: 9989442311
Email: nagarajuk@giet.ac.in

Name of the Coordinator : Mrs. T. Meenakshi,
Assistant Professor, CSE.

No of the Participants : 58

Program Objective :

- Learn key topics in information security, including footprinting, network scanning, malware threats, sniffing, social engineering, denial of service, and session hijacking
- Identify and defend against webserver attacks, including wireless and mobile hacking
- Be able to evade IDS, firewalls, and honeypots
- Recognize and address threats that accompany cloud computing and cryptography.

Principal
GIET ENGINEERING COLLEGE,
NH-16, Chaitanya Knowledge City,
RAJAHMUNDRY-533 296.

GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,
Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: principalgec@giet.ac.in

Program Outcome :

- Outline ethical considerations of hacking
Outline legal considerations of hacking
- Assess an environment using footprinting
- Collect information using network scanning
- Identify methods to gain access to systems
- Analyze social engineering methods
- Explain common physical security weaknesses

Week/Day-wise Schedule

Name of the Program: "A Two Week Certificate Program on MATALAB programming"

S.No	Day	Date	Duration	Topics to be covered
1.	Monday	08.11.2021	4hrs	Basics of Matlab and MATLAB Compiler & The Matlab user interface
2.	Tuesday	09.11.2021	4hrs	Working with Matlab data types & Creating matrices and arrays
3.	Wednesday	10.11.2021	4hrs	Operators and control statements & Using scripts and functions
4.	Thursday	11.11.2021	4hrs	Data import and export & Using the graphical features
5.	Friday	12.11.2021	4hrs	Programming with simple examples
6.	Saturday	13.11.2021	4hrs	Discussion of Toolboxes with Applications
7.	Monday	15.11.2021	4hrs	Signal Processing
8.	Tuesday	16.11.2021	4hrs	Image Acquisition Toolbox
9.	Wednesday	17.11.2021	4hrs	Image Processing
10.	Thursday	18.11.2021	4hrs	Neural Network
11.	Friday	19.11.2021	4hrs	Fuzzy Logic Toolbox
12.	Saturday	20.11.2021	4hrs	Simulink and Hardware Interfacing

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

About the Program

MATLAB is a software package for high-performance mathematical computation, visualization, and programming environment. It provides an interactive environment with hundreds of built-in functions for technical computing, graphics, and animations. MATLAB stands for **Matrix Laboratory**. MATLAB was written initially to implement a simple approach to matrix software developed by the **LINPACK** (Linear system package) and **EISPACK** (Eigen system package) projects. MATLAB is a modern programming language environment, and it has refined data structures, includes built-in editing and debugging tools, and supports object-oriented programming.

PROGRAM REPORT

Name of the Event: A Two Week Certificate Program on MATALAB programming

Date: 08.11.2021 to 20.11.2021

Resource Person: Dr.B.Jagadeesh

Professor ECE, GIET Engineering college

Email.id: bjagadeesh2020@gmail.com

Contact number: 8985305020

Name of the Coordinator: Mr.A.G.V.Karthikraju

Number of students attended: 91

Venue: Online Lab, ECE Department, GIET Engineering college

Objectives of the Program:

- To Impart the Knowledge to the students with MATLAB software
- To provide a working introduction to the MATLAB technical computing environment
- To introduce students the use of a high-level programming language, Matlab

Principal
GIET ENGINEERING COLLEGE,
NH-16, Chaitanya Knowledge City,
RAJAHMUNDRY-533 296.

Topics to be covered:

- Basics of Matlab and MATLAB Compiler
- Programming with simple examples
- Discussion of Toolboxes with Applications
- Simulink and Hardware Interfacing

Outcomes of the Program:

- At the end of this course, the student will be able to
 1. Understand the basics of Matlab
 2. Break a complex task up into smaller, simpler tasks
 3. Case Study (Any two Modules)
 4. Tabulate results and Analyse

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The Department of Civil Engineering pulls out all stops to create outstanding engineers - with advanced teaching techniques and learning aids for undergraduate students. CIVIL ENGINEERING DEPARTMENT of the institute started functioning from the year 2008. Students are not only made experts in technical aspects but also in interpersonal skills, a vital ingredient to excel in the fast paced world..

To conduct Training camps and Seminars for the students to accustom them with the present modern technologies. To Create Research & Development wing to improve innovative skills of student community.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as modern technologies, Create Research & Development, etc. that assures their placement in renowned multinational companies.

About the Program

AutoCAD is a **commercial computer-aided design (CAD)** and drafting software application. Developed and marketed by Autodesk, AutoCAD was first released in December 1982 as a desktop app running on microcomputers with internal graphics controllers. Before AutoCAD was introduced, most commercial ...

The main objective of the program is to Impart Knowledge to the students with emerging Drafting applications. This program enhances the drawing skills of 2D and 3D Models of various building plans and designs.

A Two Week Add on Program on "Real World Applications on Advanced Web Technologies"

15.11.2021 to 27.11.2021

Organized
by
DEPARTMENT OF

COMPUTER SCIENCE AND ENGINEERING
GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by NICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

About the Program

A web application can be developed for several uses, which can be used by anyone like it can be used as an individual or as a whole organization for several reasons. a web application can contain online shops (or we can also say them e-commerce shops), webmail's, calculators, social media platforms, etc.

web application is generally coded using the languages supported by almost every web-browsers such as HTML, JavaScript because these are the languages that rely on the web browsers to render the program executable.

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

About the Program

Ansys offers structural analysis software solutions that enable engineers of all levels and backgrounds to solve complex structural engineering problems faster and more efficiently. With our suite of tools, engineers can perform finite element analyses (FEA), customize and automate solutions for structural mechanics challenges and analyze multiple design scenarios. By using our software early in the design cycle, businesses can save costs, reduce the number of design cycles and bring products to market faster.

PROGRAM REPORT

Name of the Program : "A TWO WEEK CERTIFICATE PROGRAM
ON ANALYSIS THROUGH ANSYS
(STRUCTURAL & THERMAL)"
ANSYS(STRUCTURAL & THERMAL)"

Date/Duration : 15.11.2021 to 27.11.2021 (Two Week).

Resource Person : Mrs.E.NIRMALA DEVI,

Associate Professor

MECH, GIET(A).

Rajahmundry, A.P

Phone:9493282245

Mail:nirmala_ram@yahoo.com

Name of the Coordinator : Mr.P.vipin raj, Assistant Professor, MECH.

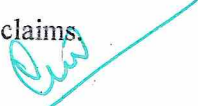

No of the Participants : 50

Program Objective :

- Advanced structural analysis using ANSYS work bench
- The course provides an in depth understand of FEA using ANSYS work bench
- This will help you become an enhanced ANSYS professional, ready to enter.

Topics Covered :The following topics are covered

- Understand the basics of FEA
- Introduction to ANSYS work bench.
- Introduction to ANSYS space claims.

Program Outcome :

- Generating mesh
- Optimizing models to refine mesh
- Surface and line models
- Static structural analysis
- Model analysis.

About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

About the Program

Professional skill Development support you in your everyday life at work, helping you to build stronger relationships with colleagues, be noticed by senior staff and become more of a rounded member of your team. Such things come slowly through experience

The main objective of the program is to improve your confidence and adds to your credibility by learning new skills and attaining professional designations. Continued professional development allows you to make more meaningful contributions to your team and to become more effective at your workplace.

PROGRAM REPORT

Name of the Program : "A Certificate Program on Professional Skills Enhancement
Master Class for Administrators & Secretaries training"

Date/Duration : 22-11-2021 to 04-12-2021 Two Week).

Resource Person : Prof.T.V.Prasad,
Director of Quality Assurance,
GIET INSTITUTIONS,
Phone:8142366366
Mail:tvprasad@giet.ac.in

Name of the Coordinator: Mrs,R.Sita Kumari, Assistant Professor, MBA

No of the Participants : 14

Program Objectives

- Define the role of the office management & administrative professionals
- Provide practical problem-solving techniques for efficient office management
- Understand the importance of effective administration skills within an organization
- Develop the skills needed to be an administrator or professional secretary
- Manage time efficiently and be able to think proactively
- Enhance communication and interpersonal skills
- Develop self-management and deal with time wasters.
- Employ a proactive role in handling job responsibilities within a team environment

Topics Covered

- How the organizations culture depends on the image/role of the Office Management Professional
- How Administrators can build Competitive Edge Departments
- Role of Administrator in enhancing productivity and reducing conflict/lost time
- Demonstrate administrative expertise and develop, implement and ensure compliance with organizational systems, processes, and procedures
- Action planning and transfer of knowledge and skills to work
- Coping with different personalities and working styles
- How to Utilise planning strategies and forward thinking

Principal

NH - 16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,
Andhra Pradesh - 533296 Website: <http://www.gietec.ac.in> Email: principalgec@giet.ac.in

Program Outcomes: At the end of the day students able to

- Understand the Authority v behavioural, administrative and technical responsibilities
- Know How to Reshape and Rebalance the New Administration Function – KPIs etc.
- Measuring how things are done as well as what they should achieve
- Play Role in enhancing productivity and reducing conflict/lost time
- Influencing, persuading and communicating decisions to ensure the organization listen and acts
- Role in creating a partnership with management that turns strategies into results
- Understanding the importance of time management
- Developing confidence in order to use assertiveness skills

A Two Week Add-on program on "ELECTRICAL VEHICLE DESIGN"

22.11.2021 to 04.12.2021

Organized
by

DEPARTMENT OF
ELECTRICAL AND ELECTRONICS ENGINEERING
GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The department of Electrical and Electronics Engineering was established in the year 2009 with an initial intake of 60 students. The UG program of the department of Electrical and Electronics Engineering imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as Electrical and Electronics Engineering, Electronic devices, Power Systems, Electrical Machines, Control Systems, Microcontroller, electrical circuit analysis, Power systems operations and controlling, Digital Electronics, Digital Signal Processing, Digital Control Systems, Electro Static Field, Utilization Of Electrical Energy.. and More.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, control system, networking, etc. that assures their placement in renowned multinational companies.

About the Program

1. Understanding the fundamentals of electric vehicle technology and design principles.
2. Gaining knowledge of electric power train components, vehicle dynamics, and battery management systems.
3. Learning about charging infrastructure and compatibility with electric vehicles.
4. Applying theoretical knowledge to real-world electric vehicle design projects.
5. Developing the ability to design and evaluate electric vehicle systems and components.
6. Preparing for a career in electric vehicle design, manufacturing, or research and development.

It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

About the Program

SOLIDWORKS uses parametric design, which is why it's such an effective tool for designers and engineers. This means that the designer can see how changes will affect its neighboring components, or even the overall solution. For example, if the size of a single component is increased, this would affect the joint or hole it's attached to. This allows designers to spot and correct issues quickly and easily.

PROGRAM REPORT

Name of the Program : "A Two-Week Certificate Program on Solid Works Software"

Date/Duration : 01.12.2021 to 14.12.2021 (Two Week).

Resource Person : Mr.P.POORNA MOHAN,
Head of the Department,
MECH, GIET ENGINEERING COLLEGE.
Rajahmundry, A.P

Phone:9700831015

Mail:pinjarla poornamohan@gmail.com

Name of the Coordinator : Mr.K.V.G.PRAVEEN, Assistant Professor, MECH.

No of the Participants : 22

Program Objective :

- Circuit works
- CAM
- Electrical 3d
- Simulation
- Visualize

Topics Covered :The following topics are covered

- Surface design
- Weldment Design
- Photorealistic image rendering
- Solid works tool box
- Simulation and validation

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. Apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Mechanical engineering is an evergreen discipline that involved in the application of basic science and mathematical principles to design, analyze, manufacture, and maintenance of mechanical systems. Mechanical engineers work across a huge variety of industries. Mechanical engineers are in the design, manufacture and maintenance of things ranging from a small safety pin to a giant ship. It is one of the oldest branches of engineering, it is also one that continues to change and grow with the advancements in technology making it a vibrant and exciting career path even to this day. The total number of engineers employed in the U.S. in 2015 was roughly 1.6 million. Of these 17.28% were mechanical engineers, the largest discipline by size.

The department is equipped with academically sound and experienced faculty specialized in various areas of mechanical engineering. The department is provided with state of the art laboratories and software. In addition to the regular curriculum we conduct programs like add-on training programs on drafting, solid modelling, etc., Industrial visits, Seminars, Hands-on workshops on latest technologies to enhance the skills of the students to meet the demands of the industry.

About the Program

CATIA is a multi platform 3D software suite developed by Dassault Systèmes, encompassing CAD, CAM as well as CAE. Dassault is a French engineering giant active in the field of aviation, 3D design, 3D digital mock-ups, and product lifecycle management (PLM) software. CATIA is a solid modelling tool that unites the 3D parametric features with 2D tools and also addresses every design-to-manufacturing process. In addition to creating solid models and assemblies, CATIA also provides generating orthographic, section, auxiliary, isometric or detailed 2D drawing views.

Phone: 9700831015

Mail: pinjarlapoornamohan@gmail.com

Name of the Coordinator : Mr. K. V. G. Praveen, Assistant Professor, MECH.

No of the Participants : 09

Program Objective :

- Create and save various types of CATIA-v5 documents
- Create and constrain sketches
- Describe the functional capabilities and general usage
- Differentiate and switch between a selection of work benches
- Perform various tasks concerning 3D navigation and geometry section.

Topics Covered

:The following topics are covered

- Surface based features
- Assembly module
- Sheet metal design module
- Drafting module
- Sketcher module

Program Outcome

:

- You will be comfortable with sketching parts in 2D environment
- You can create constraints and measure to define a sketch or a body
- You can modify features and use desup commands to retouch and form.

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members, apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The primary objectives of the management department are to examine the data, refute the logic, challenge the conventional wisdom, and rethink business and management, which are prerequisites for business leaders and managers.

The department uses a variety of teaching methods including the case study approach, LPA (Learn, Practice, and Apply), activity-based learning (ABL), industrial visits, guest lectures, seminars, business fests, community activities, and more. There are scheduled interactive sessions with business professionals and entrepreneurs where insights on the theoretical underpinnings of modern entrepreneurship and innovation as well as honed business experience are shared.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for students, can help the aspirers to become a successful entrepreneur and corporate leaders of the business.

About the Program

Contemporary management is a process by which one plan, organizes, leads, and achieves organizational goals to accomplish hierarchical objectives. Contemporary strategic planning tools help corporate organizations to be in a better position in today's uncertain circumstances.

The main objective of the program is to Impart Knowledge to the students with Understanding the contemporary management principles and practices and changing organizational structures. At the end of the programme students can Familiar with Six sigma Strategic Model and Implementation of Total Quality Management

Program Objectives

Participants in the Contemporary Management Techniques in Strategic Planning Programme will be able to:

- Understand contemporary management principles and practices
- Understand changing organizational structures
- Familiar with Six sigma Strategic Model
- Understand how to maintain Inventory Levels
- Maintain a centralized Information system
- Know how reduce Inventory cost with JIT

Topics Covered

- Preparation of Strategic Plans
- Management Information system
- Advantages of Just In Time System
- Best Practices of Six Sigma
- Implementation of Total Quality Management
- Competitive Advantage of Balanced score card
- Role of ABC Analysis in Cost control

A Two Week Add on Program on "Emerging Nano Technologies in Electronic Devices" 09.05.2022 to 21.05.2022

Organized
by
DEPARTMENT OF
ELECTRONICS AND COMMUNICATION
ENGINEERING
GIET ENGINEERING COLLEGE
(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC
NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The department of Electronics & Communication Engineering was established in the year 2005 with an initial intake of 60 students. The undergraduate program of the department of Electronics and Communication imparts solid technical background and research capabilities among the students which help them to excel in their respective fields.

It has an array of courses for students to choose from and study such as electronics, electronic hardware and software, communications, radio and television, solid state device, microelectronics, VLSI, and other circuits & systems used in varying applications ranging from simple circuits to sophisticated digital satellite systems, GSM & CDMA technology, speech processing & computer development.

The quality teaching and guidance by highly experienced faculty members provide the best quality educational experience to the students. The regular interaction between students and faculty helps a student to apply theoretical knowledge to real-life situations. Moreover, the faculty members organize special sessions for topics such as electronics, communication, control system, networking, etc. that assures their placement in renowned multinational companies.

About the Program

Nano electronics is the term used in the field of nanotechnology for electronic components and research on improvements of electronics such as display, size, and power consumption of the device for practical use. This includes research on memory chips and surface physical modifications on electronic devices.

The main objective of the program is to Impart Knowledge to the students with emerging Nano Technology applications. This program covers introducing Nano FET sensors and scaling its challenges and molecular Electronic devices and its Advancements in FET.

PROGRAM REPORT

Name of the Event: A Two Week Add on Program on Emerging Nano Technologies in Electronic

Devices

Date: 09.05.2022 to 21.05.2022

Resource Person: Mr. P. Darwin

Associate Professor ECE, GIET Engineering college

Email.id: darwinp_25@yahoo.com

Contact number: 9959695155

Name of the Coordinator: Mrs. G. Srujana

Number of students attended: 60

Venue: EDC Lab, ECE Department, GIET Engineering college

Objectives of the Program:

- To Impart the Knowledge to the students with Nano Technology
- To provide applications and advancements in Nano Technology
- To introduce Nano FET sensors

Principal
GIET ENGINEERING COLLEGE,
NH-16, Chaitanya Knowledge City,
RAJAHMUNDRY-533 296.

Topics to be covered:

- FET and its Scaling, Challenges in Scaling of FET
- Nano Technology & its Advancements in FET
- Fundamentals Of molecular Electronic devices

Outcomes of the Program:

- At the end of this course, the student will be able to
1. Understand the Concepts of Nano technology and its Advancements
 2. Analyse the molecular Electronic devices
 3. Design the applications of Nano Technology.

Coordinator

Week/Day-wise Schedule

Name of the Program: "A Two-Day Certificate Program on Web Technologies and Its Applications".

S.No	Day	Date	Topics to be covered
1.	Monday	16.05.2022	HTML: Basic Syntax, Standard HTML Document Structure, Basic Text Markup, Html styles, Elements, Attributes, Heading, Layouts, Html media, Iframes Images, Hypertext Links, Lists, Tables, Forms, GET and POST method, HTML 5, Dynamic HTML.
2.	Tuesday	17.05.2022	CSS: Cascading style sheets, Levels of Style Sheets, Style Specification Formats, Selector Forms, The Box Model, Conflict Resolution, CSS3.
3.	Wednesday	18.05.2022	Javascript - Introduction to Javascript, Objects, Primitives Operations and Expressions, Control Statements, Arrays, Functions, Constructors, Pattern Matching using Regular Expressions
4.	Thursday	19.05.2022	Fundamentals of Angular JS and NODE JS Angular Java Script- Introduction to Angular JS Expressions: ARRAY, Objects, Strings, Angular JS Form Validation & Form Submission. Node.js- Introduction, Advantages, Node.js Process Model, Node JS Modules, Node JS File system, Node JS URL module, Node JS Events.
5.	Friday	20.05.2022	Working with XML: Document type Definition (DTD), XML schemas, XSLT, Document object model, Parsers - DOM and SAX.
6.	Saturday	21.05.2022	AJAX A New Approach: Introduction to AJAX, Basics of AJAX, XML Http Request Object, AJAX UI tags, Integrating PHP and AJAX.

Principal
GIET ENGINEERING COLLEGE,

7.	Monday	23.05.2022	PHP Programming: Introduction to PHP, Creating PHP script, Running PHP script. Working with variables and constants: Using variables, Using constants, Data types, Operators.
8.	Tuesday	24.05.2022	Controlling program flow: Conditional statements, Control statements, Arrays, functions.
9.	Wednesday	25.05.2022	Web Servers- IIS (XAMPP, LAMP) and Tomcat Servers. Java Web Technologies-Introduction to Servlet, Life cycle of Servlet, Servlet methods, Java Server Pages.
10.	Thursday	26.05.2022	Database connectivity – Servlets, JSP, PHP, Practice of SQL Queries.
11.	Friday	27.05.2022	Introduction to Mongo DB and JQuery.
12.	Saturday	28.05.2022	Web development frameworks – Introduction to Ruby, Ruby Scripting, Ruby on rails –Design, Implementation and Maintenance aspects.

COMPUTER SCIENCE AND ENGINEERING

GIET ENGINEERING COLLEGE

(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTUK, Kakinada | Accredited by NAAC

NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

Department of COMPUTER SCIENCE AND ENGINEERING started in the year of 2005. It is offering graduate program B.Tech. Department has well qualified and dedicated faculty members.

Department has produced good number of graduates well settled in industry and some are also involved in research activities.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab-oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

About the Program

Web technologies refers to the way computers/devices communicate with each other using markup languages. It involves its communication across the web, and create, deliver the web content using (HTML).

A web-application is an application program that is usually stored on a remote server, and users can access it through the use of Software known as web-browser. web application are generally coded using the languages supported by almost every web-browsers such as HTML, JavaScript because these are the languages that rely on the web browsers to render the program executable.

Date:01.06.2022

PROGRAM REPORT

Name of the Program : "A Certificate Program on Web Technologies And Its Applications"

Date/Duration : 16.05.2022 to 28.05.2022 (Two Week).

Resource Person : Dr.S. K. Meera Sharif,
Professor, Head of the Department,
CSE, GIET ENGINEERING COLLEGE.
Phone:9490790137
Mail:sharif@giet.ac.in

Name of the Coordinator : Mr.P. Sasi Kumar,
Assistant Professor, CSE.

No of the Participants : 140

Program Objective :

- Choose best technologies for solving web client/server problems.
- Create conforming web pages.
- Use Javascript for dynamic effects.
- Use Javascript to validate form input entry.
- Use appropriate client-side or Server-side applications.
- Write Perl/CGI scripts.
- Write PHP scripts.
- Create adaptive web pages.

Principal
GIET ENGINEERING COLLEGE,
NH-16, Chaitanya Knowledge City,
RAJAHMUNDRY-533 296.

GIET ENGINEERING COLLEGE

NH-16, Chaitanya Knowledge City, GIET Campus, Rajamahendravaram,
Andhra Pradesh-533296 Website: <http://www.gietec.ac.in> Email: principalgec@giet.ac.in

Program Outcome

- Be able to develop apps to created3D scenes.
- Describe fundamentals of web
Describe the function of JavaScript as a dynamic webpage creating tool
- Outline the principles behind using MYSQL as a backend DBMS with PHP

Week/Day-wise Schedule

Name of the Program: "A Certificate Program On .Net Framework Programming"

S.No	Day	Date	Duration	Topics to be covered
1.	Monday	23.05.2022	4hrs	Getting Started with .Net Framework, Exploring Visual Studio .NET, Inside a C# Program, Data Types, Statements, Arrays, Using Strings, Objects, Classes and Structs, Properties.
2.	Tuesday	24.05.2022	4hrs	Inheritance, Indexers, Delegates, Events, Namespaces, Exception Handling, Assemblies, Windows Forms, Controls, Data binding to Controls, MDI Form.
3.	Wednesday	25.05.2022	4hrs	Advanced Database Programming using ADO.net.
4.	Thursday	26.05.2022	4hrs	Database Management System: Relational databases, Creating Table, Editing and Updating table information.
5.	Friday	27.05.2022	4hrs	SQL Query, Working with MS-Access, MSSQL Server
6.	Saturday	28.05.2022	4hrs	Building a Web Application, Examples Using Standard Controls, Using HTML Controls, Validating Form Input Controls using Validation Controls.
7.	Monday	30.05.2022	4hrs	Understanding Applications and State, Applying Styles, Themes, and Skins
8.	Tuesday	31.05.2022	4hrs	Creating a Layout Using Master Pages, Binding to Databases using Controls.
9.	Wednesday	01.06.2022	4hrs	Data Management with ADO.net
10.	Thursday	02.06.2022	4hrs	Creating a Site Navigation Hierarchy, Navigation Controls.
11.	Friday	03.06.2022	4hrs	Membership and Role Management.
12.	Saturday	04.06.2022	4hrs	Login Controls, Using Crystal Reports in Web Forms.

A Two Week Add on Program on “.Net Framework Programming”
23.05.2022 to 04.06.2022

Organized
by
DEPARTMENT OF INFORMATION TECHNOLOGY
GIET ENGINEERING COLLEGE
(Formerly Known as Chaitanya Institute of Engineering & Technology)
Approved by AICTE | Affiliated to JNTU, Kakinada | Accredited by NAAC
NH-16, Chaitanya Knowledge City, GIET
Campus, Rajamahendravaram, AP.

About the Institute

The college is located at Chaitanya Nagar on NH-16 on the outskirts of Rajamahendravaram, in GIET campus. GIET Engineering College is an epitome of excellence in every aspect. Institute is Approved by AICTE and affiliated to JNTUK, Kakinada, Andhra Pradesh.

The Institute got accredited by NAAC. The institute offers undergraduate programs in diverse engineering streams. It features state-of-the-art facilities and a highly qualified and knowledgeable pool of staff members. apart from the prescribed course curriculum, the institute offers an entire educational experience with greater exposure of students advanced skill learning via existing centres of excellence. It has been a pioneer in adopting several pedagogic innovations for the benefit of students. The achievements of the students of this institution in academics as well as placements stand testimony to the fact.

About the Department

The Department of Information Technology offers Under Graduate programme B.Tech Information Technology. The Department is committed to the preparation of graduates to address the great challenges in the field of Information Technology and to contribute for research and innovation that ensure the sustained growth in Computing.

The Department provides state-of-the-art computing facilities to the students enabling them to stay a step ahead. The courses are designed to combine rigorous academic study and exhaustive practical exposure for students with in-depth lab oriented courses, projects, and internships.

The Department hosts a number of workshops and student managed symposiums. The department has well experienced faculty, skilled technical staff and well equipped laboratories. The department also encourages innovative projects and Internships in various interrelated domains. The department has high-end computer labs as well as the CM Skill Excellence Centre. Because the current industry requires a student with exposure and skill set in Data Sciences, Machine Learning, Web Development, and so on, the department-driven programme is designed to prepare students for the workforce.

About the Program

The Microsoft-created .NET Framework is a software development framework that offers a runtime environment, a collection of libraries, and a range of tools for creating and running applications on Windows-based operating systems. The framework supports a range of application types, including desktop, web, mobile, and a number of programming languages, including C#, F#, and Visual Basic.

The Common Language Runtime (CLR) and the .NET Framework Class Library are the two primary parts of the .NET Framework. While the class library offers a substantial collection of pre-built functions and classes that may be used to develop a wide range of applications

Date: 05.06.2022

PROGRAM REPORT

Name of the Program : "A Certificate Program On .Net Framework Programming "
Date/Duration : 23-05-2022 to 04-06-2022 (Two Week).
Resource Person : Mr.M.SREENIVASU
Assoc Professor
HOD-IT
Phone:8639518299
Mail:it.gec@giet.ac.in
Name of the Coordinator : Mrs,B.SRINIVASA RAO, Assistant Professor, IT.

No of the Participants : 54

Program Objective :

- Develop console and Windows applications.
- Learn about data access mechanisms provided by ADO.NET.
- Create and consume .dll libraries.
- Create a web application using .NET.
- Use ASP.NET and IIS for making user views and applications more secure.
- Develop WebService and Consume WebService.

Program Outcome :

- Following are the Program Outcomes**
- Understand the Microsoft .NET Framework and ASP.NET page structure
 - Design web application with variety of controls
 - Access the data using inbuilt data access tools
 - Use Microsoft ADO.NET to access data in web Application
 - Configure and deploy Web Application
 - Develop secured web application
